INQUIRY OF LOBBY TO BE EXTENDED

Committee Decides to Make Sweeping Investigation of Lobbyists' Efforts.

VIGOROUS WORK BEING DONE

Senators Continue to Give Testimony. Amendments to Tariff Bill Introduced—Efforts Centered on Sugar.

Washington, June 5.—The Senate "lobby" investigating committee decided today to extend its present inquiry into a sweeping investigation of all organized efforts that have been made to influence action upon legislation of any kind pending before Congress, or under consideration in the recent past.

This action was determined upon at the end of the afternoon session, after several Senators had added to the testimony already given tending to show that well organized and vigorous work is being done by commercial interests, upon the sugar, wool and other tariff issues. The committee decided to subpoena practically all persons thus far mentioned by Senators as among their "tariff callers"; and to learn the exact nature of all organized work that is being directed toward influincing members of Congress upon any subject.

Efforts of the committee will be centered first upon the sugar fight; next upon wool, and after that a full investigation will be made that will take in the activities of prohibition and liquor lobbies, the Alaskan railroad forces, labor unions, farmers protective organizations and practically other organized bodies that have carried on publicity campaigns, "endless chain" letter writing or other means of influencing members of the Senate or House.

Senator Overman, chairman of the committee, said today that he believed the investigation already had established the fact that powerful influence was wielded upon Senators by the organized forces conducting campaigns to mold or influence public opinion. This, he said, constituted a "new style lobby" of tremendous power.

Senator Reed, a member of the committee, sent word to President Wilson during the day that he believed the testimony of Senator Ransdell and other witnesses fully established the truth of the President's recent statemen, upon which the resolution for the investigation was based; that a powerful lobby existed in Washington, at least upon the sugar tariff issue.

The decision of the committee tonight has so broadened the scope of its work that members don't know when the inquiry can be concluded. The ten day limit fixed by the Cummins resolution will expire tomorrow night, but Senator Overman will ask the Senate to give him unlimited time for the probe. Thus far only Senators have been examined and the Senate list will be finished tomorrow.

The sergeant-at-arms of the Senate was directed tonight to issue many additional subpoenas for persons wanted as witnesses.

The next phase of the investigation will be taken up Monday with the calling of the first men identified with the free sugar and anti-free sugar campaign. Names given by President Wilson, others furnished by the members of the Senate on the witness stand and still others that have been sent to Senator Overman by outside parties constitute the list of those who have been or will be subpoenaed.

Members of the Senate have almost unanimously testified that no improper methods have been used to influence them, and that the men who have called upon them are not "lobbyists" in the sense that the term is generally used. The committee found it impossible tonight, however, to define a "lobbyist" or to fix a limit to its investigation. It was determined therefore to investigate everything that shows any sign of having been an organized or pre-aranged plan to influence congressional action.

A Lively Clash.

Questions as to the interest the Mormon church holds in sugar and woolen factories in Utah brought about a lively clash between Senator Smoot and Democratic members of the committee late today. Senator Smoot said the church held a small amount of stock in the Utah-Idaho Sugar Company, and in the Knight Woolen Mills Co., at Provo; but he resented questions by Senators Reed and Walsh that he thought carried insinuations that he represented the interests of the Mormon church at Washington.

"Here in Washington I represent all the people of Utah", he said sharply; "I don't represent Mormon or Jew or Gentile, black or white, Methodist or Presbyterian."

Senator Reed said he did not mean to insinuate that Senator Smoot was the representative of the Mormon church.

"Don't you in a way represent the church's stock within the meaning of this investigation?" asked Senator Walsh.

"I do not," retorted Senator Smoot, "no more than you do."

Senators Smoot, Mark, Smith, Shafroth and Williams testified during the afternoon session. They produced bundles of literature sent out by various organizations and individuals.

The investigating committee finally decided that it would have to pass on this literature and determine whether or not it was "misleading" or would have a "pernicious effect."

Members of the committee agreed that even though raising of money for publicity campaigns might be legitimate, the issuing of false statements or misleading public documents would be an "insidious attempt" to in-

(Continued on Page Eight.)

THE DIPLOMATIC SELECTIONS

President Wilson Visits the Capitol Discusses Appointments and Talks With Senators—Official List Public.

Washington, June 5—President Wilson appeared unexpectedly in the President's room at the Capitol late today with the biggest list of diplomatic selections he has made since he took office.

It was the President's fifth visit to the halls of Congress, but this time he found the door of the "Marble room" locked, the Senate had adjourned and the sergeant-at-arms was taken by surprise.

"I guess I'll have to get a duplicate key for this door," said the President smilingly, as the sergeant-at-arms hastily dispatched a mesenger for the key. Hardly any Senators were in the building, but Secretary Tumulty soon sent out a call for about 20 of them and they came in quickly from the Senate office building. The individuals about whom the President talked and some of the countries, follow:

Thomas Nelson Page, of Virginia, to be ambassador to Italy.

Justice J. W. Gerard, of New York, to be ambassador to Sprin, when the bill making Madrid an embassy instead of a legation is passed, probably within a few weeks.

Col. Thomas H. Bich, of New Jersey, to be minister to Persia.

Charles W. McAlpin, secretary of Princeton University, to be minister to The Netherlands.

Joseph E. Willard, of Virginia, to be minister to Belgium.

Major E. J. Hale, of North Carolina, to be minister to Costa Rica.

P. A. Stovall, of Georgia, to be minister to Switzerland.

Former Governor Benton McMillin, of Tennessee, to be minister to Peru.

Dr. B. L. Jefferson, of Colorado, to be minister to a South American country, probably Argentine Republic.

Henry Morgenthau, of New York, to be ambassador to probably Turkey.

Albert Schmedemann, of Wisconsin, to be minister to Norway.

Frederick C. Penfield, of Pennsylvania, probably ambassador to Austria.

When the President got through talking to the Senators he met the newspaper men in the corridor and explained that his visit had been chiefly about diplomatic appointments, and that no official list would be made public until word was received from the various foreign governments as to acceptability of the individuals selected.

Senators James and Stone talked tariff, and inquired about the proposed amendment concerning the tobacco inquiry, but learned that the President had not given full consideration to it yet.

The President left the Capitol as inconspicuously as he came. The attendants held an elevator for him, but the President thanked them and declined.

"I guess I'm a good Democrat and can walk down," he said with a laugh.

THE WILLIAMS WHISKEY CASE.

Controversy of Long Standing Ended by Commissioner.

Washington, June 5.—By modifying the action of former Commissioner of Internal Revenue Cabell in the famous N. Glenn Williams whiskey case, Commissioner of Internal Revenue Osborn has practically ended a controversy of eight years' standing between the government and the claimants to 25,000 gallons of whiskey stored at Williams, N. C.

The new commissioner has permitted Williams to give bond for the internal-tax, and extended until January 1, 1914, the time of going into effect his predecessor's order of the removal of the whiskey from Williams to a bonded warehouse at Louisville, Ky.

Around the case raged a bitter controversy between United States Judge Boyd, of Greensboro and former Commissioner Cabell, which was investigated by a committee of Congress at the last session. In a report to former Secretary of the Treasury MacVeagh, Mr. Cabell caustically criticised Judge Boyd for issuing injunctions, first against the seizure of the whiskey for taxes, and then against removal to Louisville.

A master appointed by Judge Boyd to take testimony on the injunction against removal of the liquor recently reported in favor of Williams and severely criticised the former commissioner.

Commissioner Osborn's action will permit the withdrawal and sale of the whiskey with the payment of taxes to the government aggregating $25,000. He said he modified Mr. Cabell's order so that the government may receive the taxes and be spared the expense of $12 a day in keeping a guard at the Williams distillery.

DECISION HANDED DOWN

Virginia Corporation Commission Makes Rate Ruling

Norfolk, Va., June 5.—The Virginia State Corporation Commission at Richmond, late today handed down a decision allowing the full 40 cent round-trip rate between Norfolk and Virginia Beach, and Norfolk and Cape Henry, asked for by the Norfolk Southern Railroad Company. The committee had previously permitted this rate, unless zone tickets were called for which when properly used would make the round-trip thirty-three and a third cents.

The decision will become effective June 15th unless appeal is taken by the public. The old rate has been 25 cents.

THE VERDICT NOT GUILTY

Hugh Log Acquitted on Charge of Murdering Pickens Gunter

Aiken, S. C., June 5.—Hugh Long, member of the South Carolina Legislature from Aiken county, was late today acquitted of the charge of having murdered Pickens N. Gunter, a banker of Wagener, S. C., last Fall.

The trial came to an unexpected close when the foreman of the jury, on announcement that the evidence was all in, informed Judge Gary that the jurors had made up their minds and did not care to hear arguments by attorneys. The court permitted the jury to retire, and in exactly one and a half minutes they returned a verdict of not guilty.

WOULD AMEND BILL TO FIGHT TRUSTS

Senator Introduces Anti-Trust Amendment to Underwood Tariff Measure.

MAY LEVY ADDITIONAL TAX

Anti-trust Action Results from Suggestions of Attorney General—Legislation Against Tobacco Trust Agitated

Washington, June 5.—In accord with suggestions of Attorney General McReynolds, Senator Hitchcock, of Nebraska, introduced today an anti-trust amendment to the Underwood tariff bill, which would levy a special additional excise tax on a graduated scale upon manufacturers of tobacco, cigars, cigarettes and snuff.

The amendment, coming from a Democratic member will receive thorough consideration from the Finance committee. The proposed tax would not reach a manufacturer until he controlled about 25 per cent of the total production of articles in his line. Over that amount he would be taxed in a rising scale on tobacco, one cent a pound for the first million pounds, two cents a pound for the second million pounds, and so on up to six cents a pound. These graduated taxes would be in adition to the regular eight cents a pound tax that all manufacturers pay on tobacco.

Companies of ordinary size would not be subject to this tax because it does not apply to a production below eighty millions pounds of tobacco or four million pounds of snuff a year, so that of the 2,700 tobacco companies in the country probably only three would be affected, and of the 73 snuff companies also only three would be affected.

In the matter of cigarettes, the tax would only fall on two or at most three companies, out of 478 and of the 20,000 cigar companies only two have a product large enough to be taxed.

Seventy million dollars was the amount of the total excise last year on tobacco products, and Senator Hitchcock has estimated that if the tax had been levied on last year's business the following trust concerns would have paid the additional taxes, as follows:

American Tobacco Company, $7,500,000; Liggett & Myers, $3,100,000; Lorillard Company, $144,000; American Snuff Company, $77,000; George W. Helme Company, $69,000; Weyman & Burton Company, $51,000.

"There would also have been other companies subject to this tax if it could be shown that they were under the same ownership of control as any of the big companies," said Senator Hitchcock today, "and in the case of the Lorillard Co., it would be subject to a much higher rate of taxation if it could be shown that it is owned or controlled by the same interests that are back of any other company.

It is probable, therefore, that this tax in the aggregate would reach $15,000,000 a year, which is so large that it would soon force a ready solution of the tobacco trust. If it did not it would yield a handsome revenue to the treasury, and so handicap the trust that it could not carry out its programme of crushing independent companies.

"The government already has the machinery to enforce this tax. Tobacco and snuff manufacture in all forms is under complete government control."

The power to tax to the point of destruction is unquestioned. It is summary, simple and irresistible. If it succeeds in this line of manufacture it may succeed in others."

Attorney General McReynolds today had an extended conference with Senator Simmons, chairman of the Finance committee, about the graduated tax plan. The Senator expressed great interest in the idea and promised that the committee would give it careful consideration.

Senator Borah introduced an amendment to the tariff bill which would bar from entry all goods manufactured wholly or in part by children under 14 years of age, or by children under 16 years, who are required to work more than eight hours a day or more than 48 hours a week. It also would bar all imports made wholly or in part by convict labor.

CHEMIST INVESTIGATING

Will Determine Whether Millionaire Was Drowned or Poisoned

Jacksonville, Fla., June 5.—The will of E. O. Painter, fertilizer manufacturer, who met his death when he fell off a ferry boat into the St. John's river two weeks ago, will be filed here late today, according to statements made by the widow and her attorney. One of the witnesses to the will stated that Painter left an estate worth almost one million dollars, exclusive of life insurance policies aggregating $1,178,000, which it is declared, were taken out by Painter during the last two years.

A chemist connected with Johns Hopkins Hospital, in Baltimore, is examining Painter's vital organs to determine whether Painter was determine whether Painter was drowned or died from poison.

APPEAL TO COMMUTE SENTENCE

Asheville Bishop Makes Plea for Convicted Banker.

Washington, June 5.—Bishop J. M. Horner, of Asheville, N. C., today appealed to President Wilson to commute the sentence of William Breese, convicted of a violation of the National bank laws at Asheville. The President took the case under advisement. Governor Craig, former Governor Glenn and Senators Simmons have appealed to the President in behalf of Mr. Breese.

CHAOTIC CONDITIONS PREVAIL

Tampico and Vicinity the Scene of Depredations and Killings by Both Mexican Factions—Americans Harrassed.

Tampico, Mexico, May 31 (Delayed in transmission)—Chaotic conditions prevail in Tampico and vicinity. Killings and depredatons by bands of marauders from both conflicting Mexican factions are reported daily. Americans in this district are being harrassed and 500 farmers have threatened to take the situation into their own hands unless the United States government affords them immediate protection.

This town has been cut off from wire communication with the outside world for a month and all messages are transmitted by wireless. Railroad service is demoralized and trains are being operated on an average of less than one a week.

Wrecked a Train.

Revolutionists wrecked a train near the point where the United States battleship Connecticut is anchored. Government troops shot and killed four of the revolutionists and hanged two others to telegraph poles near the scene of the wreck. The United States battleship arrived here two weeks ago from Vera Cruz.

Owing to the lawlessness which prevails there apparently is an increasing sentiment that the present government will not be able to cope with the revolutionists. Various rumors are current as to the source of the finances with which the two sides are meeting the expenses of the warfare. One of these is to the effect that an English oil interest contributed a large amount to the Huerta government and this allegation is cited as a possible reason for the recognition of the Huerta regime by Great Britain. Another unauthenticated report alleges that an American oil interest contributed to the support of the revolutionists. These rumors indicate the lawlessness which prevails, and the hopelessness prevalent of the restoration of normal conditions under present circumstances.

BEGINS OFFICIAL EXISTENCE

A Committee Will Originate Administration Currency Reform Bill

Washington, June 5.—The House Banking and Currency committee, which will originate the administration currency reform bill that President Wilson believes should be enacted at this session of Congress, began its official existence today.

Representative Carter Glass, the newly-designated chairman, moved into his committee quarters and planned to begin work on the bill. He expects to call his committee together before Monday for an organization meeting. He said today that when the committee was organized sub-committees would be appointed to take charge of the various divisions of the currency problem.

These sub-committees are expected to work out a bill along the lines suggested by the chairman, as a result of his conferences with President Wilson and other officials of the administration. It is probable that the President will confer with the various members of the committee with regard to the details of the bill.

Representative Glass and Senator Owen already have mapped out tentative drafts of a currency bill which the President has looked over. The measure which will be introduced in Congress will be built about these drafts, to meet the views of the administration and will be presented as an administration bill. Representative Glass said today he expected to have the bill ready to be introduced before the end of June.

SEVERE ELECTRICAL STORM.

House Struck and Transmission Lines Put Out of Commission.

(Special Star Telegram.)

Lumberton, N. C., June 5.—During a severe electrical and rain storm, which visited this section last night one house was struck and badly damaged, having a large hole tourn in the end. The inmates were stunned more or less, one lady fainting. A clock on a mantle was knocked in the centre of the room and torn to pieces. The town was in total darkness for a short time, though several lights were burned out. The Yadkin River electric transmission line was struck four miles above here and the Lumberton and Dresden mills, which are operated by that power, were out of commission from 8:30 last night until 9 this morning.

The rainfall at Fairmont, ten miles south of here, was reported the heaviest in years.

Washington, June 4.—Senator Smith, of South Carolina, today introduced an immigration bill which is practically a duplicate of the Burnett-Dillingham bill passed by Congress at the last session and vetoed by President Taft.

OUTLINES

Senator Hitchcock, of Nebraska, introduced an anti-trust amendment to the Underwood tariff bill yesterday.

West Virginia coal mine strike investigating committee of the Senate continues its plans for hearings at Charleston.

President Wilson expresses the view that Japan's latest note opens the way for "very interesting and friendly negotiations.

Neither the Standard Oil Co., nor the tobacco trust have been actually dissolved, according to the views of Attorney McReynolds.

The House Banking and Currency committee which will originate the currency reform bill, began its official existence yesterday.

A belated dispatch from Tampico, Mexico, tells of the many killings and depredations at the hands of marauders of the Mexican factions. Americans in the district are being harassed.

New York markets: Money on call steady 2 1-2 to 2 3-4 per cent.; ruling rate 2 3-4; last bid 2 1-2; offered at 2 3-4. Flour quiet, unchanged. Wheat and corn firm. Rosin quiet. Turpentine easy. Cotton, spot quiet, 20 points up; middling uplands 11.90; sales none.

SAYS TRUSTS WERE NEVER DISSOLVED

Attorney General Calls Alleged Dissolution an "Obvious Subterfuge."

OPERATION OF SHERMAN LAW

McReynolds Regards Legislation Against Standard Oil and Tobacco Trusts as Inadequate. Forecast of Action.

Washington, June 5.—Neither the Standard Oil nor the Tobacco trusts—the two greatest examples of the operation of the Sherman anti-trust law—has been actually dissolved to meet the requirements of the statute designed to destroy monopolies, according to the views of Attorney General McReynolds.

This became known today, serving as an index to the Democratic administration's trust policy. It was taken as a forecast of possible further action against the oil, as well as the tobacco interests if the results of the investigation just completed by the Department of Justice of the workings of the oil dissolution decrees indicate that there is a problem which still can be dealt with under the Sherman law.

The attorney general's complaint is not against the Sherman law, but against the decres of dissolution interpreting the decision of the United States Supreme Court ordering the dismemberment of the Standard Oil and Tobacco combinations into separate competitive parts.

He is firmly convinced that no trust, as in these two cases, can be adequately dissolved by a pro rata distribution of the stock of its disintegrated parts among the same stockholders who controlled the original combination. A community of combination is bound to exist, he believes, and competition cannot follow such dissolutions. The position of the attorney general is regarded as pregnant with far-reaching possibilities on the trust questions of the future. While each combination must be dealt with as a separate problem, officials point out that experience indicates that dissolutions of the future must be such that the control of disintegrated trusts will pass to new hands.

It has been known that Mr. McReynolds looked upon the tobacco dissolution as an "obvious subterfuge" but it did not develop until today that he likewise placed the Standard Oil dissolution in the category trust decrees, interpreting the decisions of the Supreme Court was appealed. Although the attorney general has reached no final decision the concensus of opinion of the government lawyers at this time is that it is now too late to open up the decrees in either case, and whatever action is taken probably will be supplemental.

DAY IN CONGRESS.

National Proceedings of Interest Briefly Outlined.

Washington, June 5.—Senate: In session 2 P. M.

Lobby investigation committee continued hearings.

Commerce committee voted to favorably report a bill to delay customs service re-organization until January 1, 1914.

Mrs. Laura Kellogg, before Indian Affairs committee, condemned Indian education system and Indian Bureau.

Finance committee continued consideration of tariff bill.

President Wilson submitted for confirmation several nominations.

Senator Hitchcock introduced amendment to the tariff bill to levy additional excise tax on production of larger tobacco factories to prevent monopoly.

Senator Kenyon introduced resolution instructing Inter-State Commerce Commission to investigate acquisition of Chicago & Eastern Illinois Railroad by St. Louis & San Francisco, and subsequent receiverships.

In executive session decided to postpone renewal of limited arbitration treaties with Great Britain, Italy and Spain.

West Virginia coal mine strike investigating committee continued its plans for hearings at Charleston.

Senator Smith, South Carolina, introduced immigration bill, practically a duplicate of Burnett-Dillingham bill.

Foreign relations committee approved renewal of arbitration treaties with Great Britain, Italy and Spain; extradition treaty with Paraguay; bills for elevation of legation to Spain to an embassy; independent legations in Uruguay and Paraguay and nomination of Thaddeus A. Thomson as minister to Colombia.

Adjourned at 3:15 P. M. until 2 P. M. Friday.

House: Not in session.

Budget committee considered plans to reform methods of framing appropriation bills.

Public lands committee heard San Francisco delegation on Hetchy Valley water project.

TO REDUCE PASSENGER FARES.

The L. & N. Would Restrain Enforcing Order of Ala. Commission.

Atlanta, Ga., June 5.—The arguments on the petition of the Louisville & Nashville Railroad asking for an injunction to restrain the Alabama State Railroad Commission from enforcing an order requiring the railroad to reduce its passenger fares to two and one-half cents a mile in Alabama, were concluded in the United States Coure here today before Federal Judges Pardee, Shelby and Grubb. It is expected that the decision in the case will not be rendered for several weeks.

We offer today Phoenix guaranteed silk hose at 75c. C. H. Fore & Co. (Advertiseement.)

PLACES FOR CAROLINIANS

Maj. Hale and Whitehead Kluttz to be Given Foreign Posts—Wilmington Collectorship Appointments

Wilmington Star Bureau, 23 Wyatt Building.

Washington, D. C., June 5.—It is generally understood here tonight that Major E. J. Hale, of Fayetteville, will be offered the post as Minister to Costa Rica, and that Whitehead Kluttz, of Salisbury, will be given a position in the diplomatic service, a little bit better than the Costa Rican position.

These facts became known tonight after President Wilson had conferred at the capitol with Senators Simmons and Overman and a number of other leading Democratic Senators in regard to appointments. While neither of the Senators would talk for publication, it is understood that the President wanted to know whether Senator Overman would object to the appointment of the Fayetteville man.

The President, it is learned, stated that he would give Mr. Kluttz a better place than that which will be offered the veteran editor.

The question of whether A. D. Watts will be named collector was not mentioned by the President or by either of the Senators, it is understood. It is not at all unlikely, however, that President Wilson and Secretary of the Treasury McAdoo will reach a decision in regard to the collectorship for the Western district within the next ten days. Just who will be named, no one here will venture to say, with the exception, of course, of the partisan Watts men, who believe the Iredell man is sure to land. They point to the splendid records Senator Simmons has made as a tariff reformer and to the well-known fact that President Wilson deeply appreciates the senior Senator's work on the Finance committee. For this reason, they say, the President will not refuse the request of Senator Simmons to appoint his life-long friend to the collectorship.

George H. Bellamy, "The Duke of Brunswick"; Walker Taylor, M. F. H. Gouverneur and several others, it is understood, are candidates for the place now held by B. F. Keith, as collector of the port of Wilmington. The "Duke" is here today and his friends say he will make a hard fight for the place when the job becomes vacant.

Senator Overman left for Salisbury tonight to spend the week-end with his family. The "Lobby" committee, of which the junior Senator is chairman, has adjourned until Monday and Mr. Overman takes this opportunity to get a much-needed rest.

R. R. Cotten, of Bruce; H. C. McQueen and M. J. Corbett, of Wilmington, and R. R. Ray, of McAdensville, are here.

COAL MINE PROBE

Movement to Include in the Investigation An Inquiry of Textile Strike

Washington, June 5.—A movement to include in the Senate investigation of the West Virginia coal fields situation an inquiry into conditions among the striking textile workers in Patterson, N. J., appeared here today.

A petition addressed to President Wilson and Congress, asking for an investigation of conditions in Patterson, was brought to Washington by Frederick C. Howe, director of the Peoples' Institute of New York. It was signed by John A. Fitch, Gaylord S. White, Amos Pinchot, J. Howard Melisch, and a score of prominent sociological workers.

Senator Martine, of New Jersey, one of the members of the sub-committee, charged with the West Virginia inquiry, declared he believed the Federal government could do nothing in regard to the Patterson situation.

"Certainly the Patterson matter will in no way be connected with the West Virginia probe," he said. "In West Virginia the question of suspending the constitutional guarantees, and imposing a military government is involved, while in New Jersey, the entire matter has been handled by the civil courts, under the law. The strikers have their remedies under the law and I believe a Federal investigation could do no good."

The sub-committee today continued its preparations for opening hearings in Charleston, W. Va., next Tuesday.

NEWBERN PUBLIC SCHOOLS

Closing Most Successful Term With Commencement This Week

(Special Star Telegram.)

Newbern, N. C., June 5.—The commencement exercises of the Newbern public schools is now in full swing. This afternoon the class day exercises were held and tonight Rev. L. P. Howard, of Rocky Mount, N. C., delivered the annual sermon before the graduating class. This was followed by an elaborate reception to the graduates. Tomorrow night the regular graduation exercises will be held and this will be followed by the presentation of diplomas and medals. Prof. N. W. Walker, of Chapel Hill, will deliver the literary address on this occasion.

EMBRYO PHARMACISTS

More Than a Hundred to Stand Examination at Newbern

(Special Star Telegram.)

Newbern, N. C., June 5.—A hundred or more young men from every section of the State arrived today and tomorrow will stand an examination for license to practice pharmacy in North Carolina. The examination will be held in one of the public school buildings and will probably be completed by tomorrow night.

BASEBALL MAGNATE DEAD.

Chris Van Der Ashe, One-time Owner of Champion Team Passes.

St. Louis, June 5.—Chris Von Der Ahe, owner of the old St. Louis champion ball team of 1885-88, and years ago one of the best known baseball magnates in the country, died at his home here late this afternoon.

50 pieces new six-inch hair ribbon in all the leading shades, 25c per yard. C. H. Fore & Co. (Advertisement.)

"BEST ON EARTH" PEOPLE ARE HERE

State Association B. P. O. E. Hosts of Wilmington and Wrightsville Beach

"HELLO BILL" IS THE SLAGAN

Jolly Fellows Receive Cordial Welcome From Two Mayors and Chairman of Committee—Complimentary Dance.

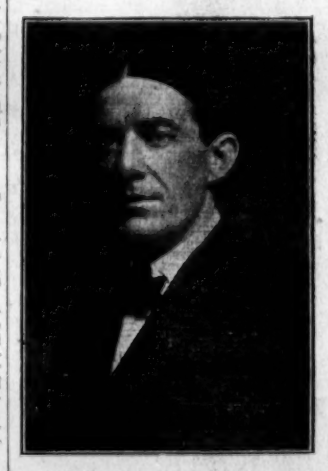
Several hundred Elks from different parts of North Carolina invaded Wilmington yesterday, assembled last night in the ball room of the Oceanic Hotel for the first session of the annual convention of the State Association of Elks and received from the Mayors of Wilmington and Wrightsville Beach and a representative of the local lodge a formal and official welcome—a welcome that was big, hearty and sincere.

Following the addresses of welcome and the responses considerable business was transacted, after which the Elks went to Lumina to attend the regular dance, and this afternoon the

WILLIAM DUNN, JR., of Newbern. President of State Association, B. P. O. E., Now in Session Here.

second and final business session will be held in the Elks' Temple, in Wilmington. The final business session will be sandwiched between the big parade through the downtown district this morning and an automobile ride over the city and environs this afternoon. A new feature of today's programme was added last night when the convention voted unanimously to accept an invitation of the Clyde Line Steamship Company to visit the steamer Cherokee, now in port, and be guests of the company for light refreshments. The visit to the boat will be made immediately after the parade. The closing feature of the convention will be the souvenir dance to be given at Lumina this evening.

Elks began arriving in the city Wednesday night, but most of the 250 who are here came in yesterday. In the morning they visited the Elks' Temple in the city, where they registered and were entertained at a Dutch luncheon at noon. During the morning Mayor Parker Quince Moore and



T. B. KEHOE, of Newbern. Secretary and Treasurer, State Association, B. P. O. E.

members of the City Council called at the Elks' Temple to bid the visitors welcome to the city. A number of ladies were also present to aid in making the stay of the visitors a pleasant one. The following compose the ladies' committee: Mrs. J. M. Solky, Mrs. D. N. Chadwick, Mrs. J. O. Reilly, Mrs. E. E. David, Miss Lucile Polvogt, Mrs Joe F. Leitner, Mrs. J. Holmes Davis, Miss Ethel Solomon, Mrs. August Schuster, Miss Debbie Shrier and Mrs. H. G. Dill.

Soon after the luncheon the Elks began to hurry away from the city to take a dip in the surf, which they enjoyed to the fullest extent. A great many of the Elks arriving on the noon trains went straight through to the beach. Headquarters of the convention has been established at the Oceanic Hotel, where the visitors are being well cared for.

The convention was called to order in the ball room of the hotel

SENATORS BACK TO FOURTH

St. Louis Revised Batting Order and Won—Athletics Took Third Straight—Naps Won Again Also White Sox.

The Philadelphia Athletics took the third straight game from Detroit yesterday, hitting Willett for 13 safe hits. Connie Mack sent in a young recruit, Cottrell, from the New York State League, who got away with his game by hard work.

The Cleveland Naps were still on the job in "little old New York" yesterday and put the Yankees to rout in a 10-inning contest, score 5 to 3, although the Yanks put across two home runs in the first and third innings.

By a revision of their batting order the St. Louis Americans managed to get away with yesterday's game with the Senators in a 12 to 3 score game. Three Washington pitchers were hard hit for a total of 16 safeties. Washington goes back to fourth place this morning, Chicago again having the upper end of the see-saw which they have been operating between them for the past ten days.

Chicago shut out the Boston Red Sox and went up to third place as a consequence. Errors by the Sox contributed to their defeat.

Athletics Take Third Straight.

Philadelphia, June 5.—Detroit lost the third straight game of the series with the Philadelphia club today 10 to 6. Willett pitched for the visitors and the Mack men got to him hard and often. Cannie Mack sent in a youngster, Cottrell, formerly of the New York State League, and he got away with his game.

Detroit .....010 100 202— 6 13 2
Philadelphia ...202 003 21x—10 13 1

Willett and Rondeau; Cottrell and Lapp; time 1:53; umpires Ferguson and Dineen.

Naps Were There.

New York, June 5.—Although the New Yorks put up a game fight against Cleveland today, they lost in the 10th inning 5 to 3. Wolter, of New York, hit home runs in the first two times up.

Cleveland .....111 000 0002—5 10 1
New York .....102 000 0000—3 7 2

Steen, Mitchell and Lievelt; O'Neil, McConnell and Sweeney and Grossett; time 2:29; umpires Egan and Evans.

Senators Dropped One.

Washington, June 5.—St. Louis revised its batting order today with desired results and easily defeated Washington 12 to 3 in the third game of the series here. All home pitchers used were hit to all parts of the field.

St. Louis .....521 001 020—12 16 1
Washington ...000 021 000— 3 11 4

ST. MARY'S PAROCHIAL SCHOOL.

Forty-fifth Annual Commencement on Wednesday Evening.

St. Mary's Parochial school, conducted here by the Sisters of Mercy, on Wednesday evening closed a most successful year with its 45th annual commencement exercises, which were largely attended and in which the students acquitted themselves most creditably.

The exercises began with an opening chorus by the little children, after which the young people of school most creditably presented a stirring little drama in four acts, "Coalna" or "The Indian Rose", in which Miss Catherine Bremer appeared in the title role of Coalna", while other members of the dramatis personae were "Winonah", Miss Lillie Willoughby; "Tarraheek" chief of the Algonquins, Konstaeny Gralak; "Adheek", chief of the Iroquois, Hugh Sweeney; "Father Etienne", a missionary, Frank Reeze; Indian women and children, "Rama", Mary Croom; "Zamilda", Marguerite Sheehan; "Ciramba", Annie Torpy; Mary Dooley, Louise Gillerlain and Loretta Miller. Mr. John C. Freimuth and Mr. Harry Daniels well took the part of the Indian chiefs, while Indian warriors brave were cleverly impersonated by Leo Jones, Ramond O'Keefe, Lawrence Flanagan, Paul Bergen and Frank Sweeney.

The play was followed by a clever and spectacular rainbow drill by 14 little girls and "Uncle Sam's Jolly Tars" by the little boys. The Dairy Maids gave a very pretty song and drill, after which there was a distribution of diplomas and medals, the graduates being Messrs. John C. Freimuth, Hugh J. Sweeney and Konstaeny Gralak. Mr. John C. Freimuth had the honor of representing the school as valedictorian, and the good conduct medal was awarded to Hugh J. Sweeney. The Knights of Columbus medal for Christian Doctrine was won by Miss Mary Rose Allen, daughter of Mr. and Mrs. James J. Allen.

The exercises concluded with an interesting and helpful address by Rev. Father C. Dennen, who was listened to with much pleasure and profit.

Washington, June 5.—Senator Bristow today introduced a bill to require the Secretary of the Treasury to inform the Senate what value the public health service has discovered in the so-called tuberculosis cures it has investigated.

Wrightsville Beach

Mr. and Mrs. Geo. L. Tillery have moved down to the resort from the city and are occupying a cottage on the Extension.

Mr. and Mrs. Tench C. Coxe, of Asheville, and Mr. and Mrs. D. C. Waddell, of Asheville, are guests at Mrs. Annie Northrop's cottage.

Miss Belle Means, of Concord, who was a delegate to the meeting of the Kig's Daughters and Sons, held in Wilmington Tuesday and Wednesday, is a guest for a few days at the Seashore Hotel.

In compliment to the annual convention of Elks the lobby of the Oceanic Hotel, headquarters of the convention, has been most attractively and elaborately decorated with flags and bunting in the colors of the order, purple and white.

Mr. and Mrs. Howard McClintock have arrived from Tampa, Fla., to make Wilmington their home in the future and during the Summer will occupy a cottage on Wrightsville Beach Extension. Mr. McClintock will engage in the insurance business.

Mrs. Earle C. Dickinson and little son will spend the Summer at Mrs. William Parsley's cottage. Mr. and Mrs. Dickinson have made their home in Tampa, Fla., for several months, but in the Fall they will move to Miami, where they will make their home.

The first souvenir dance of the 1913 season will be given at Lumina this evening in compliment to the visiting Elks and members of their families. It promises to be one of the biggest dances of the season and will doubtless be attended by many young people from the city as well as by the visitors.

Mr. H. T. Story, of Cordele, Ga., has arrived to take up his duties as telegraph operator at the Seashore Hotel. He was formerly with the Hotel Royal Palms, at Miami, Fla. The telegraph office at Lumina has been done away with and the Western Union will make the Seashore Hotel its principal station on the beach this year. A messenger boy will be engaged to deliver messages from the hotel.

THORPE'S RECORD BROKEN

Thompson Stretched Indian's Record Over Seven Points

Princeton, N. J., June 5. — The world's all-round track record was beaten here today by F. C. Thompson, who scored a total score of 7,499 points.

This beats Thorpe's record of 7,476 points. The meet was sanctioned by the Amateur Athletic Union and the record will stand. Thompson is a student at the Princeton Theological Seminary.

Detroit, Mich., June 5.—Edward Holleybeck, of Flint, Mich., was killed at the motordrome speedway here this afternon while participating on a motorcycle. Going at full speed, he shot up to the top of the track, struck the guard rail and dropped several feet to the bottom with the motorcycle on top of him.

25 cents per week means $100 at maturity in Carolina Building & Loan Association at Moore's Real Estate Office. (Advertisement.)

PLAY BRISK ALL DAY

Much Interest in Tournament of the Southern Golf Association

Montgomery, Ala., June 5.—Play in the tournament of the Southern Golf Association was brisk all day long, the features being the elimination of Ellis Knowles, of Pensacola, and Lewis Jacoby, of Dallas, Texas, from the championship division by Nelson Whitney, of New Orleans.

Both of these matches were followed by large galleries. Tomorrow morning interest will be centered in match between Nelson Whitney and Reuben Bush, both of New Orleans. These two men have battled against each other before in the championship division of the Southern Association, and each time Whitney has been returned the winner.

The playing of Jacoby was a distinct disappointment today, but his gameness in a losing fight won him many friends. In an easy shot he lost the match and as Whitney followed it with a clean shot, Jacoby snatched his hand, conceding the match with congratulations. The other Dallas player, E. H. Munger, was easily disposed of by Reuben Bush. Bush easily defeated Jack Edrington, former titleholder in the afternoon play.

The pairs in the championship semi-finals for tomorrow are as follows:

Reuben Bush, New Orleans, and Whitney, of New Orleans; Aldredge, Dallas, and Tutwiler, Birmingham. The pairs for the consolation championship are: C. H. Munger, Dallas, and Seldon, Macon; Ulmer, Dallas, and I. W. Read, Augusta.

FRENCH AVIATOR KILLED

Woman Passenger Also Losses Her Life in the Accident

Buc, France, June 5.—Auguste Bernard, a French aviator, and a passenger, Mme. Rose Amicel, were killed today under unusual circumstances while making a flight at the arodrome here.

When the aeroplane was at a considerable altitude Mme. Amicel's skirt became entangled in the lever connections. Instantly the pilot lost control and the machine plunged to earth and was shattered.

You will always find lots of new goods at C. H. Fore & Co. (Advertisement.)

PHILLIES TAKE THE COUNT

Dropped Third Game of Series to the Pirates—Brooklyn Blanked Cincinnati Reds—Braves Defeated the Cubs

The Phillies after recruiting their supply of hope by winning Wednesday's game, again fell victims to the mystifying twisters of Adams and dropped yesterday's game to the Pirates. Rixey was wild and filled the bases on free passes in the first inning, a three-bagger by Wilson, bringing them in and clinching the game. Rixey was supplanted by Earl Moore in the third, but too late to repair their broken defense wall.

Nap Rucker was on the mound for the Brooklyn's yesterday, which means that they walked away with the third game of the series, defeating the Cincinnati Reds by a score of four to nothing. Johnson, the Winnebago Brave, whose training did not cost the Cincinnati club the price of a five cent shave, pitched for the Reds, but was poorly supported in the pinches. The Reds go back to their home at the bottom of the ladder by dropping the game while Boston was winning from the Cubs.

The Boston Braves had an impregnable wall raised against the onslaught of the Cubs with Hess on the mound, who allowed only one hit up to the ninth inning. The Braves bunched hits in sufficient density in two innings to win the game.

Free Passes to Victory

Pittsburgh, June 5.—Rixey, for Philadelphia, filled the bases in the first inning with passes, and Wilson's three-bagger to right followed, scoring to win, final score 6 to 2. Earl Moore supplanted Rixey in the third. Wilson wrove in five of Pittsburgh's six runs. Adams pitched good ball. The locals stole five bases on Killifer.

Pittsburgh ... ..301 000 02x—6 7 0
Philadelphia . ..000 020 000—2 8 0

Adams and Simon; Rixey, Moore and Killifer. Time 1:42. Umpires, Brennan and Eason.

Nap Rucker on the Job

Cincinnati, June 5.—Rucker pitched brilliant ball for Brooklyn today and the visitors easily defeated Cincinnati 4 to 0. On the other hand Johnson pitched fair ball but was poorly supported in the pinches. The last run was scored on Fisher's single and Miller's double in the ninth.

Brooklyn .. ....210 000 001—4 7 0
Cincinnati .. ....000 000 000—0 2 2

Rucker and Miller; Johnson and Kling. Time 1:25. Umpires, O'Day and Emslie.

Browns Defeated Cubs

Chicago, June 5.—Pitcher Hess allowed only one hit up to the ninth inning today while Boston bunched hits off Cheney and Humphreys and won the game of the series 8 to 4. Cincinnati's defeat enabled the visitors to step out of last place again. Cheney was taken out in the sixth.

Boston .. ..190 032 002—8 13 2
Chicago .. ..000 000 004—4 6 1

Hess and Brown; Cheney, Humphries and Archer. Time 2:10. Umpires, Rigler and Byron.

TREATY RENEWALS POSTPONED

Expiration of Arbitration Treaties With Great Britain and Italy

Washington, June 5.—Upon objection of Senator Chamberlain, who contended that a renewal of the arbitration treaty with Great Britain might compel submission of the Panama canal tolls controversy to The Hague, the Senate late today temporarily postponed action renewals with Great Britain, Spain and Italy.

Renewals of these treaties, all three of which have expired within the past few days, were favorably reported today by the Foreign Relations committee, and the Senate went into executive session to consider them. The treaties with Italy and Spain were promptly ratified, but when that with Great Britain was reached Senator Chamberlain objected. After some discussion it was agreed that if one was to be held up even for a short time, the others should not be ratified, and by unanimous consent the former action was re-cosidered and all went over.

Great Britain's protest against the provision in the Panama canal act granting free tolls to American vessels was submitted several months ago, long before the expiration of the arbitration treaty. Consequently the British contention is that whether the convention is renewed can have no bearing upon a proposal to arbitrate this question, that if the question was one for arbitration the United States should have submitted it to arbitration as it would have been if the treaty had not lapsed. It was not believed tonight that any of the three treaties would be held up long although there may be some debate in executive session when they are taken up.

Senator Chamberlain is author of a resolution, now in a pigeon hole, of the Interoceanic Canals committee abrogating the Hay-Pauncefote and Clayton-Bulwer treaties, under which Great Britain and the United States agreed concerning the construction of the Panama canal. He was the only Senator to voice an objection today, but it is known that Chairman Bacon holds a view somewhat similar, and Senator Root, who drew up the arbitration treaty when he Secretary of the State, has contended in debate that the tolls question was subject for arbitration under it.

Fine Revival in Progress

The sermon at the revival which is in progress at the Brooklyn Baptist church, was preached last night by Rev. W. G. Hall, pastor of the Southside Baptist church. His sermon made a deep impression on the large congregation present. There were two accessions to the church, making a total of 11, so far, which have been added as a result of the revival services. Tonight Rev. Dr. J. M. Wells, pastor of the First Presbyterian church, will preach, and the public is cordially invited to hear him.

—A meeting of Concord Chapter, No. 1, R. A. M., will be held in the masonic Temple at 8:30 o'clock tonight, for the purpose of bidding farewell to Excellent High Priest, Companion Leo A. Knapp, who will leave Wilmington in a few days to make his home elsewhere. Refreshments will be served.

CLAN MAC QUEEN ORGANIZED

Notable Celebration at Maxton Concluded—Officers Elected for Ensuing Year—Inspiring Addresses of Much Interest

(Special Star Correspondence.)

Maxton, N. C., June 4.—The second day's celebration in connection with the MacQueen Clan gathering took place here today in the auditorium of Carolina College, Mr. Kenneth McLean, of Edinburgh, Scotland, beginning the ceremonies with a Scotch bagpipe selection. This was followed by a prayer by Rev. A. R. MacQueen, of Dunn, N. C.

Mayor McKay McKinnon in an exceedingly gracious manner welcomed the Clan to the city of Maxton, paying glowing tributes to the men and women of the Clan, who were present, the most glowing being paid to Mrs. Bella McElyea, the historian, who is loved and honored by the people of the State and the South, and who is known under her pen name of "Aunt Becky." Then to one of Robeson county's most honored sons, Hon. A. W. McLean, of Lumberton, he paid the tribute of a loving people referring to him as North Carolina's next Governor. Referring back to the ancestors of the Clan, Col. James MacQueen and his brave and devoted wife, who was Miss Nancy McRae, whose descendants had gathered here to do them honor, he spoke in the highest terms of this brave and devoted couple.

At this juncture a telegram was handed in from the Hon. Locke Craig, the Governor of the State, which said that in honor of the gathering of the Clan that for the day the name of Maxton was changed to that of Queensdale, the name of the old home of Col. MacQueen.

He then presented the key of the city to the chief, Mr. H. C. McQueen, of Wilmington.

The response to the speech of welcome was given by Mr. John MacQueen, of Birmingham, who stated that the key was a useless incumbrance coming too late as the clansmen had broken into the hearts and homes of the people yesterday, stating further that the people of Scotch ancestry always kept the latch string on the outside. In his speech he paid a tribute to the judiciary of the State, declaring that her judges were rarely reversed and that in this respect North Carolina stood fourth among the States of the nation.

Miss Pattie James, of Laurinburg, accompanied on the piano by Miss Katie McLean, sang "My Laddie." Miss Louise MacQueen, of Dunbar, S. C., sang "Annie Laurie." Miss Katie McLean followed with a piano solo "All is Well With Thee, My Love."

Here the social feature of the meeting was interrupted long enough for the appointment of a nominating committee composed of A. W. McLean, Wm. Black, A. J. McKinnon, Mrs. J. W. MacQueen and Mrs. Bella McElyea, who should make the nominations for the officers of the permanent organization.

The paper of the historian, Mrs. Bella McElyea, "Col. James MacQueen and His Descendants," was read by her granddaughter, Miss Mary Belle McLaurin.

The poem written for this meeting by the Clan poet, Mrs. Chattie McEachin Beall, of Washington, D. C., was read by Miss Sallie Lou McKinnon, and is as follows:

Our Family Tree

There is hope of a tree if it be cut down, it will sprout again, and that the tender branches thereof will not cease (Job 14:7)—but "Will grow again as the palm." (Jor. 10:5.)

"The palm is the emblem of constancy; fruitfulness; patience; victory."

All hail to the tree of James MacQueen,
Who "upright grew as the palm"—we ween,
Which midst all changes, maintains its green,
And "never a crooked branch is seen;"
"Nor downward can one be forced to grow
By weight or pressure that man may know;"
However blighting the winds that blow,
"The palms broaden upward as they grow."

Chosen emblem of the palm we see
On MacQueen coat-of-arms Constancy!
Was it both birthright and prophecy
Of our own glorious ancestry?

If ever a crooked branch there grew
On the Tree MacQueen, we never knew,
Nor one a criminal course pursue—
"God be thankit" for His keeping true!

While many the checkered pathway trod,
Many passed under God's training rod,
And some were laid soon beneath the sod,
Yet none e'er forsook "our father's God."

An Elim we find this place to be,
Noble scions of our noble tree;
Full three score and ten, do we not see?
Refreshing our hearts most lovingly.

May God's best blessing on each bestow—
To be a blessing and Heavenward grow,
Finding a Holy Grail as we go,
"In whatsoever we share with another's woe."

Christ's own life, our lives adorning,
Earth's tinkling cybals proudly scorning,
And when we reach Time's last best dawning
Let's meet on "Resurrection Morning!"

A resolution was here introduced by Rev. Wm. Black in honor of Mrs. Bella McElyea for her history of James MacQueen and his descendants. This was adopted by a rising vote of the entire audience.

The address of Hon. A. W. McLean, of Lumberton, "Scotch Clans," was next given. In its very nature it was largely historical and he stated that the history of the Clan was linked with the history of humanity. That sentiment was the ruling element of Scotch life and that only through sentiment can a people become great. That the mark made in history by the Scotch is excelled only by two people, the Jew and the Athenian. The Jew, because it was through him that Christianity was given to the world. The Athenian, because he was the vanguard and protector of civilization.

"Bonnie, Sweet Bessie" was sung by Miss Minnie Lou McRae, who was accompanied by Mrs. R. M. Williams.

The next address was that of Rev. Stewart MacQueen on, "The Scotch Liberty."

Following this address came one of the most enjoyable affairs of the occasion, a public dinner served in the grove just back of the college. Never has a table been more beautifully spread with all the good things that go to tempt the appetite of man and full justice was done to it. Yet, after satisfying the appetite of all present untouched plates of chicken, ham, cakes and custard were packed away and carried back home.

After the noon recess the clansmen re-assembled for a business meeting. A constitution was adopted. The report of the nominating committee was heard and adopted. Its recommendations for permanent officers were as follows:

Chief—James W. MacQueen, of Birmingham, Ala.

Chieftains—Edmund MacQueen, of Dunbar, S. C.; Jno. McSween, of Timmonsville, S. C.; Patrick McEachin, of Birmingham; J. S. McRae, of Maxton, N. C.; H. C. McQueen, of Wilmington; Martin McKinnon, of Red Springs; Rev. A. R. McQueen, of Dunn, N. C.

Chaplain—Rev. Stewart McQueen, of Montgomery, Ala.

Treasurer—Roy Martin, of Maxton.

Recording Secretary—J. Plummer Wiggins, Maxton.

Enrolling Secretaries—Misses Katie McLean, of Laurinburg and Miss Sallie Lou McKinnon, of Maxton.

Historian—Mrs. R. T. McElyea, of Maxton.

Poet—Mrs. Chattie McEachin Beall, of Washington, D. C.

Executive Committee—J. W. MacQueen, J. Plummer Wiggins, Rev. Wm. Black, A. J. McKinnon and A. W. McLean.

Resolutions were then offered and adopted thanking the mayor and citizens of Maxton for their hospitality; to the officers of Carolina College for the use of their building; to the temporary officers who labored faithfully and well in making the permanent organization a success; to Mrs. Chattie Beall for her poem, "Our Family Tree;" to "Aunt Becky" for her poem, "Col. James MacQueen, of Queensdale," and to the newspapers who assisted in giving the notice of the meeting to the distant clansmen; to Mrs. Bella McElyea for her history of Col. James MacQueen and his descendants. And arrangements were made for a revision of this history in order to incorporate in it some of the few facts that the clansmen had learned about each other. It was further ordered that the proceedings of this meeting, together with the paper of A. W. McLean, "Scotch Clans," and the paper of J. W. McQueen, "Our Scotch Kinsfolk;" the poems of Mrs. Beall and "Aunt Becky" be incorporated in this pamphlet.

Following the business meeting came the last address of the gathering, that of Rev. A. R. MacQueen, of Dunn, N. C., "The Scotch and the Bible." At its conclusion the audience standing, sang "Blest Be the Tie That Binds," and the meeting was dismissed by prayer by Rev. Wm. Black.

In a game full of errors and marked by slow playing, Maxton defeated the team from Rockingham by a score of 4 to 3. Renn and Carter, of Maxton, did star playing.

A terrific and beautiful rain and electric storm occurred here just after supper tonight. With the exception of putting the electric plant temporarily out of commission no damage has been reported.

Mr. Kenneth McLean, the young Scotchman who furnished the Clan MacQueen with the bagpipe music, left this afternoon for the return journey to his home in Edinburgh, Scotland.

Wedding invitations reading as follows, have been received in the city:

Mrs. William D. James requests the honor of your presence at the marriage of her daughter, Ruby Viola, to Mr. Samuel Hawley MacKinnon, Wednesday evening, the eighteenth of June, at eight o'clock; the Presbyterian church, Laurinburg, North Carolina. At home after July tenth, Maxton, North Carolina.

..Theatrical..

Yesterday was what might well be described as Elk Day at the Bijou. This popular theatre was spick and span for the occasion and merriment held forth there all afternoon and last evening, and huge audiences witnessed one of the best shows of the season. Four more films, those of superb type, will be the leaders of today's big show. "The Boomerang" will be the star of today's film list and its Kalem's latest and greatest. One of the greatest novelties in the film line will be presented in "The Capture of a Wild Cat", showing a hunt after this animal and its capture. "The Pride of Innocence" is a society drama of intense interest. The fourth film triumph for today is Edison's latest and most expensive creation, "Rule Thyself". It is a big lesson told in highly dramatic way.

Grand Theatre's Big Bill.

In gala attire for the Elks' convention now in session here, the Grand Theatre will offer today a premier bill in the pictures and with the natural delights of the place, large audiences are certain to be the order.

The pictures will include a great Essanay, "The Little Mother", a meritorious dramatic feature that tells the pathetic story of a noble little girl left to take care of her brother and two little sisters. They are reduced to poverty and destitution, the Cruelty to Children Society attempts to separate the little family, but "Little Mother" remains firm and it all ends happily for each and everyone.

Then there are two other big Selig attractions, "Tommy's Atonement" and "The Tombs of Ming Emperors," another telling educational masterpiece in the Selig series. The first named tells of the great heart of a boy and it is strong in its human interest. Meet your friends today at the Grand.

PROPOSED RADICAL CHANGES.

War Department Will Give Use of Cavalry Practical Test.

Washington, June 5.—Proposed radical changes in the organization and use of cavalry are to be given a practical test by the War Department through a month's encampment of an entire division of mounted regulars, from July 20th to August 20th. The Shenandoah Valley in Virginia, scene of many a hard fought battle and daring raid during the Civil War, has been selected as the scene for the operations and arrangements will be made at once to get a 1,200 acre tract near Winchester encampment.

Secretary Garrison today appointed Brigadier Gen. Carrol A. Devol, quartermaster corps; Col. Clubliffe H. Murray, 12th cavalry, and Major Christopher C. Collins, medical crops, as a board to proceed to Winchester, examine the tract and make all arrangements in the way of water supply, sanitation, etc.

The proposed changes to be tested were recommended by a special board of expert army officers headed by Brig. Gen. McClernand, who returned from abroad after making a first hand study of the great cavalry camps of European armies.

The experiments in Shenandoah will be watched with the keenest interest by all military men.

GOVERNOR BACK IN RALEIGH

Will Take Automobile Trip to Asheville—Hearing of Southern Railway Case—Copies of Public Laws Sent Out.

(Special Star Correspondence.)

Raleigh, N. C., June 5.—Governor Craig returned today from Asheville and the University of North Carolina and will spend a couple of days in the executive office. He leaves Saturday for an automobile trip through the country, Raleigh to Asheville, for the purpose of taking a much-needed rest in the hope of getting relief from the rheumatic and nervous trouble that has bothered him considerably for several weeks.

The Corporation Commission began today the hearing of the noted suit of Western and Central Carolina shippers against the Southern Railway Co., for charging excessive freight rates on shipments in and out of the Asheville and Old Fort divisions of the Southern. This is a suit in which 75 shippers, headed by the Snow Lumber Co., of High Point, and scattered all through the Central and Western sections of the State, demand many thousands of dollars rebate and a discontinuance of the high rates. The State allows the Southern to charge higher divisional rates on the mountain divisions of Asheville and Old Fort than on the other dvisions in this State, because of the high cost of construction, maintenance and operation of the mountain roads. The Southern has been exacting the higher rate on all shipments that have been originating in these divisions and shipped into other sections of the State, and on shipments that originate in the Central or Eastern divisions and shipped into these two mountain divisions. The demand s for refunds and for discontinuance of this application of the rate, which the plaintiffs insist should apply only on shipments wholly in the mountain divisions. Counsel for the plaintiffs are J. A. Kratz, Jr., and W. S. Watts, both of Washington, D. C. Here for the Southern are C. B. Northrop and A. B. Andrews, Jr., as counsel, and Freight Traffic Manager L. Green and others. The hearing will probably take several days. It is to be a hard fought case that will go through the courts on appeal, whichever way the Corporation Commission desides it.

The Secretary of State is shipping today copies of the Public Laws of the 1913 Legislature to the judges, solicitors and members of the General Assembly.

The State Board of Agriculture elected five oil inspectors today whose duty it will be to do this work for the entire State, there being only five instead of ten, the number first put in the field when the law went into effect. The inspectors just elected are Levi Harper, Pamlico; Jacob Thompson, Chatham; C. J. Taylor, Alleghany; N. W. Clark, Hickory, and C. S. Copening, Henderson. The general fund of the State Treasury received $21,000 from oil tax the past six months.

The Board has appointed a special committee to look into the matter of the development of agricultural lime deposits near Newbern and will make similar investigations as to the Wilmington, the Washington and the Henderson county deposits. However, no final action as to development of the deposits will be taken at this meeting. The special committee consists of A. T. McCallum, F. P. Latham and R. L. Woodward. The act of the Legislature provides that the board undertake to supply lime to farmers for soil improvement at actual cost of production, convict labor to be provided.

THE WILSON BOND ISSUE

Local Banks to Finance Deal for Municipal Improvement

(Special Star Correspondence.)

Wilson, N. C., June 5.—The Wilson Board of Aldermen are hopeful of placing the recent issue of municipal bonds with the local banking institutions. The issue amounted to $160,000 and the bids submitted were all below par. The act of the Legislature under which the bonds were issuel provided that the money received from the sale of bonds should be deposited in the local banks and that interest should be paid the town on monthly balances. The banks have been asked to take the issue at par and pay the town three per cent on monthly balances during the time that the money is on deposit. It is very probable that the proposition will be accepted and the bonds kept here in Wilson.

In the meantime the preparations for rebuilding the light and power plant are being made and Supt. Grantham is having the ground made ready for the new power house.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine — double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from your druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

"Clincher" Paint

We know a paint which holds to the wood like a driven nail. Seasoned lumber is porous. The pores are the empty sap-cells. White lead paint, which dries on the wood in the form of a solid, elastic film, fastens into these pores, and the whole coat of paint is actually riveted like armor-plate to the surface it decorates and protects.

Lewis White Lead
(Dutch Boy Trade Mark.)
and Pure Linseed Oil

make the paint that spreads into a solid body. It becomes a part of the wood itself—an outer layer that preserves the life of the lumber.

The following dealers sell it as well as other painting requisites.

N. Jacobi Hardware Co.

Drop in and have a talk with them about painting.

NATIONAL LEAD COMPANY

CANDIDATE FOR GOVERNOR.

Henry Carter Stuart Declared Successful in Virgina Primary.

Richmond, Va., June 5.—Henry Carter Stuart, of Russell county, candidate for Governor of Virginia, in the Democratic primary on August 5th, was unofficially declared the party nominee this afternoon when entries closed without opposition to his candidacy. The State Democratic committee will late declare Mr. Stuart the official nominee. Four years ago he entered the primary against William Hodges Mann and M. St. George Tucker, but was forced to withdraw on account of the serious illness of his wife, who was in Europe. Thus far there has been no direct indication that the Republicans will nominate a candidate for Governor, although even in that event Mr. Stuart's election is assured. Virginia being overwhelmingly Democratic.

HELPLESS AS A LITTLE BABY

Pitiful Condition of Mrs. Emey, Down in Mind, Unable to Work, and What Helped.

Summit Point, W. Va.—In advices from this town, Mrs. Anna Belle Emey writes as follows: "I suffered for 15 years with an awful pain in my right side, and ulcers in my stomach, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a little baby. I was in the worst kind of shape. Was unable to do any of my work.

"I saw Cardui, the woman's tonic, advertised, and began taking it. I got relief from the very first dose, and by the time I had taken 12 bottles, my health was completely restored. I am now 48 years old, but feel as good as I did when only 16..

"Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you are a woman and suffer from ailments peculiar to your sex, don't you think it worth your while to give Cardui a trial? It has been helping weak women for more than 50 years. It is almost sure to help you, too.

Try Cardui.

N. B.—Write to: Chattanooga Medicine Co.; Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, 'Home Treatment for Women," sent in plain wrapper.

The Master Of Strange Powers

Reads the Innermost Secrets of Life Like the Pages of an Open Book.

The great phychologist, Mme. Elda Melean, who is visiting in Wilmington for the first time, is certainly doing all the good that the press and public claim for this noted life reader. This is proven by the large number of our better people who call daily.

Would you achieve success? Would you know and experience the pleasures that come from leading instead of being led? would you win merit in eyes of those with whom you come in contact and create a favorable impression wherever you go? In short, are you tired of your present aimless hit-or-miss existence and lack of ability to create favorable impressions? Surely you are. Then it is a duty that you owe to yourself to call on Elda Melean at once.

Many sad hearts have been gladdened, many weary lives made bright through the advice and magnetism of this Yogi philosopher, who simply amazes men and women in all walks of life who are in trouble or suspense concerning the every day affairs of life. One visit to this eminent clairvoyant may mean the turning point of your life.

Without asking a single question or you speaking one word Mme. Elda Melean will call your name in full, also full names of husband, wife, or sweetheart, tells you whom and when you will marry; never fails to reunite the separated; settles lovers' quarrels, family troubles and tells how to obtain absolute success in business, law suits, divorce, marriage, love affairs, investments, speculations, mining, real estate and all matters of interest.

Many are taking advantage of the special low price of the readings this week. Why not you?

THE MORNING STAR

WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

Friday, June 6, 1913.

Probably cocaine makes some people "do things."

There are no grounds for suspecting that some coffee is coffee.

If we don't get treated now and then what is the use of having a treaty?

Tit Bits insists that men must wear corsets. Well, in dry territory some kind of bracer is better than nothing.

The difference between water and grape juice is that you are not fooling yourself when you drink water.

Those who fix their own salaries never have any occasion to complain of being taken for cheap screws.

A man feels awfully flattered when his wife thinks he is so fine that he is liable to be kidnapped if he gets out of her sight.

The probability is that no insidious lobbyist would now stay in Washington and have to put up with the slurs that are coming his way.

To order pan de maize and find out that it is only cornbread makes an epicurian wonder why they don't print the carte de hote in United States.

Senators and Representatives appear never to have suspected why they have been invited to dine with some gentlemen who never mind expenss when they are in Washington.

Even parenthetically remarking, "it is said," "it is alleged," "it is charged," "he asserts," etc., will not keep an editor from being mulcted in damages in the amount of six or eight cents.

The Chamber of Commerce of Savannah is having a "campaign" to cure 1,000 members. It is not fair to permit a comparatively few men to keep up such organizations and do all the work for their city.

The obligation to work for your town is as much yours as any other man's. In most towns that are making slow progress a few pull while the others kick. However, Wilmington grows and we have to grow with it or take to the woods.

The Democrats squealed as soon as they discovered that Postmaster General Hitchcock had faked them about that alleged surplus in the Postoffice Department. If they had found a surplus there would have been no disappointment whatsoever.

The new tariff bill will enable captains of industry to try to do something for themselves instead of depending upon a tax on the people for their special benefit. If the government were to guarantee a profit to a farmer he would know better than to quit work.

Johanna Saresz died a few days ago in Vienna at the age of 102 years. It is said "no one ever saw her sober." Rushing the growler certainly will shorten a person's life. Johanna may have lived to be as old as Methuseleh if she had not injured herself by falling off the waterwagon.

Daisy Opie Grace, of Philadelphia, formerly of Atlanta, who was acquitted of the charge of shooting her husband, is sueing for divorce. It is hardly necessary to state that Mr. Grace will not hire an attorney to put up a stubborn fight to keep from securing a freedom that he must seriously desire.

Says the Chattanooga Times: "Let the politicians look at the low bids for Tennessee bonds and realize that they have gone and done it." Why not let the people look at the incompetent politicians who pull them around by the nose to get offices in which the main thing they display is studpidity and inefficiency? The average politician isn't conscious that he is responsible for doing injury to a State's cred its civic standing and its ill-repute abroad.

TRAFFIC MANAGER FOR THE PANAMA CANAL.

One of New York's successful steamship managers urges the necessity for a traffic manager for the Panama Canal, if it is the purpose of the government to make it a commercial success at the earliest possible moment. He says the government should appoint such a manager, and he gives his reasons for suggesting the advisability of having some man of experience to work up business for the canal.

Owing to the vast cost of the canal and the immense sum annually needed for maintenance, the New York steamship man thinks the government should do everything in its power to make the canal an asset. He says unless the steamship companies are made aware of the advantage of using the canal, many companies will continue to operate their ships over present routes. So long as they are doing a prosperous busines over old routes, they will not take the trouble to investigate the canal route for the handling of commerce. Speaking about the suggestion for a traffic manager, for the Isthmian waterway, the Savannah News explains his duty as follows:

"It wouldn't be the duty of a traffic manager to reside in the canal zone and manage traffic interests there. He would have his headquarters in New York and would get acquainted with shipping interests of every commercial country, with the cost of operation on routes other than by way of the Panama canal, and point out to steamship companies the advantages of using the canal. There is a great deal of information bearing on traffic that steamship companies would like to have. Many don't know where to look for it. In fact, they are not entirely sure as to what they want to know. A government traffic manager would not only have all of this information at his fingers' ends, as it were, but would be sending it all the time to those who want it and who might be influenced by it to use the canal."

Instead of a traffic manager it would seem that what the canal needs is a publicity agent. The steamship companies have their own traffic managers, but it is owing to their scope whether they would know an opportunity if they saw one. Live steamship companies long ago have looked over the entire canal situation, but it must be admitted that many shipping concerns are "not entirely sure as to what they want to know." They are supposed to know their business, but as they are open to information and suggestions, it shows that they should be thoroughly posted by our ports. Some of them may entirely overlook the tremendous advantages of our South Atlantic ocean gateways, or else minimize their importance.

Railroads looking for a water terminal or advantageous port for a coaling station are supposed to know their business, but we have seen them make the most costly blunders and even abandon terminals built at great cost. What coal road knows that the port most advantageously situated for coaling ships is the port that is closest to the ocean route of the world's steamships plying to and fro in handling the commodities of the various countries engaged in trading with each other? We have seen railroads construct 200 miles of railroad to get into a port which is 110 miles from the ocean highway of the steamships. We have seen them take no notice of a port within 20 to 40 miles of the regular route which will be followed by nine-tenths of the ships that will engage in traffic through the canal. They would hardly do that if they knew, but if any ports have superior advantages and the railroads do not find it out, it is the fault of the ports themselves. What they need is intelligent publicity for their adaptabilities, facilities and advantages. When we do not have a proper conception of our ports ourselves, we needn't expect the steamship companies or the railroad companies to know any more than we know. Commenting on the advisability of having a traffic manager for the canal, our valued Savannah contemporary goes on to say:

"Some apprehension of the lack of ships to handle the coast-to-coast trade is felt. It is stated, however, that the vessels now in commission and engaged in this trade, together with those which are in the course of construction, will accommodate all the traffic that will be offered for a number of years after the canal is opened, and that ships will be built as fast as they are needed. The South, particularly this port, is much interested in having a canal traffic manager because of the lack of knowledge of commodities of this section for which there is a market on the Pacific coast, in the Latin-American States and the Orient, and also of the lack of knowledge of commodities of those countries which might be marketer profitably through the ports of the Southern States. It is among the probabilities, therefore, that there will soon be a movement in Congress to create the office of canal traffic manager."

A traffic manager for the canal would hardly know what each port in the world wants to do. It would be up to the ports to tell him. If we do not know the commodities we have to export or desire to import, it shows that we have not made a study of our resources or of the opportunities of our ports. We will some day sufficiently appreciate the importance of our ports as to have some system of making known its advantages to steamship traffic managers or to that canal traffic manager if one should be appointed. What our ports need most is to know themselves so they can post others about their possibilities.

WILMINGTON'S MANUFACTURING ADVANTAGES.

Wilmington has so many advantages for manufacturing that it is difficult to group them without filling up a page of The Star. The chief advantage, of course, is water and rail transportation for raw materials and manufactured products. We have ocean steamship service to be used to great advantage in manufacturing for the export trade, and six distributing railways for distribution into the most progressive and prosperous portion of the South, a great advantage for manufacturing for the domestic trade.

We don't think we can stress too often the fact that Wilmington has a belt line railroad entirely encircling the city. It runs through the city right along the harbor front and it is a daily occurrence to see cars loading into ships or cargoes being loaded into cars. The road runs along the entire water front inside the city tax limits, but about three miles of it run through the suburbs where only the low county tax rate prevails. All plants on the belt line are in direct touch with all the railroads, with ocean traffic and with 700 miles of inland water transportation.

A score or more of Wilmington's largest industries are located on the belt line. If we do not fully appreciate the tremendous advantage of a belt line, a recent article in the Chicago Tribune will help us to do so. The Tribune recently published a front page story and gave an enthusiastic review of what New Orleans has accomplished by reason of its belt line. The utility, the Chicago Tribune observes, "has served to put New Orleans in the front rank of progressive American communities." Referring to the Tribune's appreciation of the New Orleans belt line, the New Orleans States adds:

"The modernizing of our wharfage system under public ownership and control; the financing and building of a municipal belt under which equal facilities are afforded to all railroads on the river front with a nominal beltage charge and an opportunity to every large business plant and factory to have the benefit of direct connection with every railroad entering the city; the establishment of a system under which all garbage is collected at stations on the belt, disinfected and removed to the swamps; and the actual construction and largely the financing of the sewerage, drainage and water systems, the latter including the filtration and purification of Mississippi river water for public consumption—all these 'most radical and startling advances in municipal government and affairs' are achievements of the organization which has been in power here since 1900."

The difference between the New Orleans belt line and water terminals and those of Wilmington is that the Louisiana city owns those utilities while Wilmington controls them under provisions incorporated in the charter. The effect practically is the same and the advantage is manifest.

In addition to Wilmington's belt line, the harbor is skirted on the west for 26 miles by a railroad to deep water at Southport. On the east side of the harbor another railroad has been surveyed for 14 miles and will be constructed within a year. Thus deep water, with all sorts of sites for factories, is sandwiched between two railroads, giving manufacturing plants ocean and river transportation in front and rail transportation at the rear. We don't know of any city in America with such ideal facilities for manufacturing on either a large or small scale.

Wilmington's fertilizer factories, with both water and rail facilities, are manufacturing from $9,000,000 to $10,000,000 worth of products a year, and note well that they reach an immense territory because of the economics involved in water and rail transportation right at the plants.

THE WAR DIARY OF A VETERAN

The Star takes pleasure in acknowledging receipt of a neat book of 100 pages, entitled "Diary of a Tar Heel Confederate Soldier." The author is Major L. Leon, of Wilmington, secretary and treasurer of Cape Fear Camp No. 254, U. C. V., of this city. The publishers are the Stone Publishing Company, of Charlotte, from whose house come many excellent books that would be creditable to the best publishers in the country. Major Leon's book is neat of typography and it will make a gemn for North Carolinian's library, even for every library in the South.

Confederate officers have written war histories, biographies, autobiographies, sketches, etc., but "The Diary of a Tar Heel Confederate Soldier" is the work of a private. It is the unvarnished story of a man behind the guns. It is from the viewpoint of the men who did the enlisting, the marching, the fighting and the suffering during four years of deadly strife. It is the personal narrative of a man who was on the battlefield, in the trenches, and in prison, seeing things as they were seen by the brave men who won victories and met defeat with sublime gallantry and marvelous fortitude.

The veteran author says this diary was commenced for the fun of writing down his experience as a soldier, and that he never thought of publishing it till now, when he considers it a good idea to leave behind the war experiences of a private. It was a happy thought to put such an experience in print. The story is vividly told, and it will send a thrill through the reader who is carried into battle from Bethel to Gettysburg. Major Leon was a sharpshooter and was frequently in front when the battle began and stayed until it ended in victory or defeat.

The Tar Heel soldier author was captured at the battle of the Wilderness, and he had about all the good fortune and bad fortune that ever befell a soldier who faced death a hundred times and marvels how he lived fifty years afterwards to write a diary of the tragedy which he witnessed and took part in. His diary pictures a private's life just as it was, and it will enable the reader of today the opportunity of learning at first hand the sacrifices, sufferings and martyrdom of the men who do the fighting and the dying for one's country.

This book is well worth reading and no doubt it will have a large sale. The price is $1 per copy and it is now on sale at Wilmington book stores.

CURRENT COMMENT.

Ten miles of the railroad from Statesville to Mt. Airy has been graded and the work is being pushed with all possible speed. There is hardly a section of the State more sorely in need of a railroad than that traversed by this road, and it is a fine section, too.—Charity and Children.

A New Hanover county farmer is making $500 an acre on some of his land, says The Wilmington Star. It's a cinch that fellow doesn't raise cotton, plow his soil with a one-horse tool or try to work 25 acres of land to the horse. Our farmers no longer lack object lessons. If they do not make money now it is their own fault. The live farmers these days ride in automobiles.—Charlotte Chronicle.

On the face of the affair it looked absurd to put meats and flour on the free list while cattle and wheat were protected by a duty of ten per cent. If our packers and millers had been compelled to pay ten per cent more than their foreign competitors for their raw material while their competitors were permitted to ship their products into this country duty free they would have been seriously hampered in their business if not driven out of it entirely.—Jacksonville Times-Union.

FIRE AT CHADBOURN.

Blow of Cyclonic Proportions Does Damage—Other News Items.

(Special Star Correspondence.)

Chadbourn, N. C., June 5.—Yesterday at 3 o'clock in the morning the fire alarm was sounded and upon investigation it was found that Dr. Smith's residence was on fire, the building soon being completely destroyed, only a small amount of furniture and a piano being saved. The family of Dr. Smith was away from home and only the doctor was sleeping upstairs. When he discovered the fire he soon made an alarm, but all chances of his escape seemed to be cut off, so the neighbors had to take him out of an upper story window. The loss is estimated about $3,000 or $4,000 with around $2,500 insurance.

Also at 6 o'clock yesterday a cyclone struck Chadbourn and did considerable damage. The Brown Merchandise Co., lost a water tower worth $200 or $300. Also the Harrelson Hotel was damaged and one or two small residences were blown down, but no one was hurt so far as your correspondent can learn. The entire damage is estimated at about $1,000, including the oats and crops generally.

John Bell, colored, aged about 15, was drowned in a mill pond near here Sunday while bathing with some other small boys.

Crops are exceedingly sorry all over this section. Cotton is late and grassy. Corn has suffered on account of worms and bugs. Everything is exceedingly wet. Farm work is at a standstill.

JAPAN'S LATEST NOTE.

Opens the Way for "Interesting and Friendly Negotiations."

Washington, June 5.—After reading Japan's latest note on the California anti-alien land law, and just before a conference with Ambassador Chinda, President Wilson today expressed the view that the new communications opened the way for "very interesting and friendly negotiations."

The President had a brief conference with Secretary Bryan and an informal talk afterwards with Viscount Chinda. He had explained earlier that he did not expect to make any official reply to the Japanese ambassador, but would discuss the Tokio note orally.

The President let it be known that there was much matter for discussion in the Japanese note, but that none of the documents thus far exchanged by the two governments had in themselves suggested a solution of the land law difficulty. He indicated that the negotiations would proceed slowly and carefully, with a view to obtaining a frank expression of the opinions held by the two nations.

Sooner or later, it was indicated, the meaning of the Federal laws on naturalization would have to be determined by the courts, though the initiative might have to be taken by Japanese residents, as the government could not institute proceedings.

No suggestion for arbitrating the difficulties has thus far been made, it was learned authoritatively, but White House officials today reiterated their confident expectation of an amicable settlement eventually.

Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Stork Arrives.

That funny, little, brassy cry that echoes the arrival of the new baby is perhaps the

most cherished remembrance of our lives. And thousands of happy mothers owe their preservation to health and strength to Mother's Friend. This is an external remedy that is applied to the abdominal muscles. It relieves all the tension, prevents tenderness and pain, enables the muscles to expand gently, and, when baby comes, the muscles relax naturally, the form is preserved without laceration or other accident.

You will find Mother's Friend on sale at almost any drug store, as it is one of the standard, reliable remedies that grandmothers everywhere have relied upon.

With its daily use during the period of expectation, there is no weakness, no nausea, no morning sickness, no pain, distress or strain of any kind. Its influence is truly remarkable, as it penetrates the tissues and renders them pliant and easily governed by the demands of nature. You will be surprised at its wonderful effect and what a grateful relief it affords.

Especially to young women Mother's Friend is one of the greatest of all helpful influences.

You will find this wonderful remedy on sale at the store where you trade, or they will get it for you. It is prepared by Bradfield Regulator Co., 136 Lamar Building, Atlanta, Ga. Write them for a very valuable book to expectant mothers.

Schofield Engines
Less Steam—Longer Wear

For sixty-seven years we have been manufacturing and perfecting Engines. None can surpass the high-grade service the Schofield Engines render today.

Every engine heavily constructed with proper distribution of metal, which prevents strain where wear comes. Built for heavy duty, and particularly adapted for saw mills, oil mills, cotton ginneries, or any place engines can be used.

All sizes, Center Crank type—12 horse power to 100 horse power—side crank type—60 horse power to 150 horse power. Also manufacture boilers, tanks, towers, smoke stacks, saw mills, and all kinds of machinery—mill supplies, pipe galvanized roofing. Get catalog.

CLOSING OF CITY SCHOOLS

Commencement Exercises Yesterday at Hemenway and Bear Memorial Schools—Fine Programme Given.

Yesterday morning commencement exercises were held at the Hemenway and Bear Memorial schools, a splendid programme being given at each school which was very much enjoyed by the large audiences which attended. This morning the pupils of these schools will be assembled in their class rooms to receive their promotion cards. The graduating exercises of the Union school will take place this morning at 9:30.

The exercises at the Hemenway school began yesterday morning at 9 o'clock and were neid in the school auditorium which was filled to overflowing with friends and patrons. The exercises were opened with a song, repeating of the First Psalm and Lord's Prayer. James Farmer made the address of welcome after which the children of the First and Second grades gave a pretty play entitled, "In Toyland". A feature of the programme was the singing of the class song by the members of the Eighth grade, the graduating class of this school. These were assembled on the platform where they received their certificates of promotion to the High School, these being delivered by Mr. J. Allan Taylor, chairman of the school committee, with words of commendation for the faithful work that they have done.

The list of graduates is as follows: Roy Casteen, Norwood Futrelle, Christopher Graffiin, James Farmer, Adelaide Foard, Robert McDougall, Richard Warren, Jasper Wood, Robert Williams, Clayton Westbroow, Carolyn Wolfe, Mary Salling, Anne Nutt, Lyda Penny, Wilmer Rau, Annie Turrentine, Tom Thigpen, William Toon, Harvey Twining and Jack Thompson.

After the certificates were awarded the members of this class presented the school with a beautiful framed picture to be hung on the wall of the auditorium.

Superintendent Blair then read the list of those who have not been absent during the year, which is as follows:

Miss Loder's room—George Britt.

Miss K. Johnson's room—Margaret Black, Annie McNair, Katherine Lee, Warren Smith.

Miss Black's room—Walter Penny, Fred Simon.

Miss Wiggins' room—Katherine Hill (two years, perfect attendance), Lillian Blake, Herschel Lennon, Helen Ottaway, Harllee Bordeax.

Miss Lathrop's room—Allen Oldham, Clark Huggins, Nida Packer, Nathan Packer, Dudley Humphrey, Frank Foster.

Miss Farmer's room—George Murphy, Victor Zoeller, Henry Duls, Frank Bilchington, Fannie Johnson, Louise Munson, Marjorie Murrell, Lucile Hardwick.

Mrs. Fennell's room—Mary Warren, Virginia Fountain, Margaret Williams, Elizabeth McClure, Mary Hill, Beulah Hill, Houston Merritt, Nathan Humphrey, Lennox Cooper, William Creasy, Tom Farmer, John Warren (six years, perfect attendance).

Miss VonGlahn's room—Littlejohn Vaughn, John Branch, George Reeves.

Miss Shaw's room—Richard Warren (six years perfect attendance.)

Miss Keith's room—James Westbrook.

Miss Fennell's room has the highest record for attendance for the year, the average being 96.75 per cent. This room has not lost a student during the year. It started out with an enrollment of 43 and now has 44 enrolled.

The Sorosis prizes, offered for the pots of flowers grown in the class rooms, were theft awarded. The first prize of $3 was given to Miss Keith's room; the second prize went to Miss Boon's room. Carl Wessell was commended for having planted a seed and grown a pot of daisies. Pieu Bijzel was given a prize of $1 for growing beans.

At the close of the exercises the audience was invited to visit the different class rooms to inspect the specimens of work done by the students which were on exhibition.

This school under the capable supervision of the principal, Mr. O. A. Hamilton, has had a very successful year. The display of the work done by the pupils which were on exhibition in the various classrooms yesterday show that the students have done most excellent work. There was an enrollment of 749 pupils this year.

Bear Memorial School.

The exercises at the Isaac Bear Memorial school were held yesterday morning at 11 o'clock in the school auditorium. The stage was beautifully decorated with potted plants, all of these being grown during the year in the rooms of the different grades.

The first part of the programme was a pretty parasol and rainy day daisy drill in which the following boys and girls took part:

Girls—Elsie McGlaughon, Katherine Rehder, Rena Cole, Ella Grant, Fannie Russ, Margaret Branch, Phoebe Lutes, Sallie McCraw, Irene Anderson, Evelyn Davis.

Boys—Donald Stickle, Richard King, George Rountree, Earle Boushee, Liston Humphrey, Elma Williamson, Martin Westbrook, Edgar Morse, Frank Montgomery, Roy Badon.

The second part of the programme was a little children's operetta, "The Flowers' Party." Following is a list of the boys and girls who took part and the parts that they represented:

Mother Nature—Carrie McLean Taylor.

Flowers—Nasturtium, Margaret Merritt; Forget-Me-Not, Edith Donnell; Rose, Eunice Williams; Violet, Susan Devine; Pink, Catherine Nixon; Buttercup, Mary Bellamy Bagg; Jack-in-the-Pulpit, Frederick Hintze; Lily, Dorothy Riley.

Gardeners—Fred Fetter, Fred Riley, Theo. Dorsey, Sam Ruark, Howard Kares, Robert LeGwin, Crawford Smith, Wilbur Davis.

Visitors—Alice Carter, Lila McAlister.

Fairies—Lillian Steijes, raindrop; Miriam Weeks, sunbeam.

Bachelors' Buttons—Frank Bagg, William Cole, Bernice Branch, Robert Ruark, Leo Sykes, John Marshall, Humphrey Marshall.

The last number was a chorus by the members of the fifth and sixth grades.

Following is a list of the students of this school who have not been absent during the year:

Edith Donnell, Crawford Smith, Frederick Hintze, Lila May McAlister, Paul Cause (not absent in two years), Willie Rochelle (perfect attendance for five years), Richard King, Margaret Branch, Estelle Anderson, Herbert Taylor, Wilkins Smith, Edward Murphy, Graham Farmer, Horace Taylor, Oliver Davis.

The prizes awarded by the Sorosis were then announced. The first prize of $3 went to Miss Jackson's room, the first grade; the second prize was given to Miss White's room. Herman Pearson won a prize of $1 for growing the best cabbage; Vander Toomer a prize of $1 for the best beans.

Superintendent Blair brought a message of greeting from Mr. Samuel Bear, donor of the school, who is now on his way across the Atlantic. He spoke of the high regard that the school has for Mr. Bear, and also commended the spirit in which the school has done its work the past year. The enrollment lacks one of being 300, and the school has been crowded to its fullest capacity. According to the present outlook the prospects are that there will be at least 350 students next year, and it will be necessary to provide additional space.

During the past year many citizens of Wilmington have donated beautiful pictures to the school which have been placed around the walls in the halls making this perhaps the best decorated public school in the entire South. The work on exhibition in the first grade room is especially worthy of mention, and shows that these young pupils are receiving most excellent training in the fundamental studies. The work of the other grades was also of a high order.

Union School.

This morning at 9 o'clock the commencement exercises of the Union school will be held in the school auditorium. Yesterday the class rooms were open to visitors for the inspection of the work of the students which were on display.

LOCATE VENEER PLANT HERE

Important Industry Can be Secured If Trackage Will be Provided—An Important Matter to the City.

If sufficient encouragement is given him by the Atlantic Coast Line in the way of spur track accommodations, it may be announced with a certainty that Mr. J. A. Rowan, of Emporia, Va., will locate here a large furniture veneering plant—one that will entail an investment of something like $25,000 and which will give employment from the start to between 50 and 100 skilled employes.

Mr. Rowan was here some time ago in an effort to secure a site for his manufacturing enterprise and having met with little encouragement, had about given up the idea of locating at this port, when he met Hr. George H. Hutaff, of Wilmington, in Kinston, and casually mentioned to him that he had looked over the field here and had been disappointed in securing an eligible site. Mr. Hutaff is one of Wilmington's most enterprising citizens and he did not lose the opportunity of button-holing Mr. Rowan and bringing him straight back to the City by the Sea and it was only yesterday that the Emporia manufacturer closed a deal with the Atlantic Realty Co., for a site in the Love Grove property, about four blocks north of the Wynnewood Lumber Company's plant, provided the shipping accommodations could be furnished him there; that is, shipping facilities by rail.

Mr. Rowan asks not one cent of local capital; he only asks that he be given an opportunity of doing business and there certainly looke like an opportunity for Wilmington's business men to get behind him and see that the Atlantic Coast Line furnishes him with spur track privileges. This is the only condition that he imposes now for the location of the plant here and it is up to those who want these smaller industries, that are the life blood of any community, to get in touch with Mr. Rowan or Mr. Hutaff and see that he is provided with the proper rail shipping facilities.

His proposed plant will manufacture veneer from native woods for the furniture trade and the location here would be of inestimable advantage to the city. He has a location immediately on Smith's Creek, by which the rough material can be secured, but the finished product will have to be shipped out by rail. Mr. Hutaff and others have at Love Grove, just in the angle of the tracks of the Coas: Line, about 100 acres of eligible sites for manufacturing enterprises and if the spur track is extended into the property, only a matter of some 800 feet, the possibilities for the development of manufacturing enterprises of this character is almost unlimited. The Tidewater Power Co., has shown its enterprise and public spirit by offering to extends its transmission lines to the proposed plant of Mr. Rowan and if the A. C. L. will demonstrate a similar public spirit, the new enterprise is assured.

Mr. Rowan has conducted his plant at Emporia with signal success and it will be continued. He has very inviting propositions from several other points, but prefers to come to Wilmington, others things being equal.

THE RECORDER'S COURT

Three Young Thieves Sentenced to 12 Months in Jail

Richard Spicer, Edie Bell and Preston Howard, three young negroes who looted the residence of Mr. A. G. Bowden, Fourth and Chesnut streets, Monday night and who were caught that same night by the police, were tried yesterday and given 12 months in jail with privilege to the Commissioners to hire out. John Hoffman and Alonzo Bostian, two other negro boys held for receiving a part of the stolen property, were used by the State as witnesses and after the trial were released.

Becky Green, Lizzie Jackson and Henrietta Hicks, vagrancy, were given 30 days each on the county farm. A case against Henrietta Hicks, charging resistance to an officer, was nol prossed. Willie Jennings, Martha Wilson and "Queen Victoria" were released, charges of vagrancy against them failing.

Mrs. Anna M. Johnson Dead

Many friends will hear with painful sorrow of the death of Mrs. Anna M. Johnson, wife of the late Mr. John Johnson, which occurred at the James Walker Memorial Hospital at 4 o'clock yesterday evening, in the 66th year of her age. Two daughters survive her, Mrs. Hattie Hampelton, of Cedar Creek, N. C., and Mrs. Janie Rowe, of Raleigh. There are also a number of grandchildren to mourn their loss and in their sorrow they have the sympathy of many friends. The funeral will be conducted at 4 o'clock this afternoon from Sixth Street Advent church.

Personal Damage Suit

Suit was instituted in Superior Court yesterday entitled C. H. Nixon against the Wilmington Ice & Storage Company. The plaintiff seeks to recover of the defendant company $1,200 as personal damages, claiming that he was seriously injured by being thrown from his dray as the result of a collision with a vehicle of the defendant company, alleged to have been recklessly and carelessly driven by a driver employed by the defendant. As a further cause of action it is set out that the plaintiff's horse was permanently disabled as the result of the accident. Ricaud & Jones represent the plaintiff.

CLASS NIGHT EXERCISES

City High School Closes Tonight With Address by Rev. Dr. Plato Durham, of Winston-Salem —Programme Last Night

Last night the commencement of the Wilmington High School opened with Class Night exercises given on the High School campus, by members of the Senior class, and will close tonight with an address at the Academy of Music by Rev. Dr. Plato Durham, of Winston-Salem, a well known minister of the Western North Carolina Methodist Conference, who has gained a State-wide reputation as a forceful and eloquent orator.

He was for a number of years professor of Biblical literature at Trinity College, Durham, and is now presiding elder of the Winston district. At the close of the address the presentation of diplomas and medals and awarding of scholarships will take place.

With weather conditions that were well nigh perfect the Senior class night exercises were given last night from a beautifully decorated improvised platform, erected on the High School campus, west of the school building. While the large audience of more than a thousand persons waited for the exercises to begin the High School Orchestra gave several splendid selections of music which with the ideal surroundings made the occasion a most pleasant one. Before the beginning of the Senior exercises proper Will Monroe, in behalf of the graduating class, presented the Junior class with a crook which was accepted for this class by Robert Taylor.

The programme was given in the form of a farewell picnic of the class of 1913 in the woods near Wilmington. While the class were seated in a circle, busily eating a luncheon, they called on the different officers of the class for speeches which were responded to in splendid style. They also sang various songs, including the class song composed by Miss Jeannette Buck, and made merry in a royal manner. Especially worthy of notice was the class prophecy by Miss Eliza Davis, who, dressed as a Gypsy, told the fortunes of each member of the class. The cast of characters for the play was as follows:

President of Class and Manager of Foothball Team, Tom Strange.

Captain of Football Team, Robert Burnett.

President of Girl's Athletic Association and Captain of Girl's Basketball Team, Miss Dorothy Nash.

Vice President of Class and Historian, Kenneth Otten.

President of Boy's Athletic Association, Treasurer of Class, Business Manager of Tileston Topics and Manager of Baseball Team, Will Monroe.

Director of High School Orchestra, Greene Fenley.

Captain of Baseball Team, Charles Burnett.

Editor of Tileston Topics and Class Poet, Miss Jeannette Buck.

Secretary and Prophet, Miss Eliza Davis.

Other Picnickers, Misses Cornelia Brady, Kate Clemmons, Lillian Davis, Lottie Fales, Ida Fleet, Elizabeth Gardner, Louise Grant, Emily Hammond, Bessie Harriss, Katherine Hammond, Essie Harriss, Lena May Herring, Nellie Howard, Gertrude Johnston, Miriam McEachern, Gaynell Nixon, Katie Pridgen, Myrtle Rhodes, Louisa Taylor, Mary Wright Taylor, Inez Turley, Lassie Willson and Arthur Humphrey, John Perdew, Carl Powers and Archie Warren.

At the close of the outdoor programme the class went to the High School building where they presented the class gift, a beautiful bas relief of Alexander the Great in his conquering procession to Asia. In appropriate words of appreciation of the class for those under whose care they have been for the last four years, the president of the class, Mr. Tom Strange, made the speech of presentation which was responded to by Supt. J. J. Blair, who bore testimony to the high character and esteem in which the class is held by the teachers. In connection with the outdoor exercise the class also presented their class teacher, Miss Isabelle Gulley, with a bautiful piece of jewelry as a token of their high regard for her.

Alumni Association

A meeting of the Alumni Association of the High School was held in the hall of the building immediately after the presentation of the Senior class gift. The only business transacted was the election of new officers for the coming year, who are as follows: President, Louis Stein; vice president, Miss Essie Harriss; secretary, Miss Eliza Davis; treasurer, George L. Mitchell.

MAYORS MEET AT BEACH.

Executive Committee Planning for Annual Convention.

The executive committee of the Association of Mayors at a meeting in Greensboro relative to the coming annual convention of the municipal chief executives at Wrightsville Beach, did not fix the date for the meeting, but it is understood that it will be some time in August.

Present at the meeting were Mayors F. N. Tate, of High Point; C. A. Bland, of Charlotte; T. J. Murphy, of Greensboro; O. B. Eaton, of Winston-Salem; James A. Wellons, of Smithfield; John Underwood, of Fayetteville and Secretary O. P. Shell, of Dunn.

The committee was of the unanimous opinion that the Mayors of the State should have a hearing before the Legislative commission on constitutional amendments, and with this in view, the commission will be invited to meet with the Mayors at Wrightsville Beach. Nothing was given out throwing light on what the Mayors want the commission to do.

ARRANGING FOR SHRINERS

Potentate and Captain Arab Patrol in the City—Low Rates

Potentate O. W. Spencer, of Salisbury, and Capt. J. O. Walker, of the Arab Patrol, Oasis Temple, Charlotte, were in the city yesterday conferring with local Shriners in regard to arrangements for the coming annual meeting of the Shriners of North Carolina at this place and Wrightsville Beach June 26th-27th. All indications are said to point to the largest attendance ever known at an annual meeting of the Shriners, which is largely accounted for by very low railroad rates and the increased facilities of the city and beach for taking care of such a large number of guests as usually attend these meetings of Shriners.

Preparations for the entertainment of the delegates, their wives and friends are very elaborate and all plans have about been perfected by local committees and the State officials.

COUNTY BOARD OF HEALTH

Important Meeting Held Last Night. Details for Consolidation Being Worked Out—Clerk to the Board Named.

The County Board of Health held an important meeting at the Court House last night with Chairman Willard presiding and in attendance were Dr. Chas. P. Bolles, Prof. Washington Catlett, members of the board; Dr. Chas. T. Nesbitt, superintendent, and Mr. W. A. Williams, who has been acting clerk. Mayor P. Q. Moore and Dr. J. B. Cranmer, the other two members, were unavoidably detained on account of other engagements.

Several matters in connection with the consolidated health department were taken up and acted upon. In accordance with the provision of the bill consolidating the health departments a clerk was elected, Dr. John Thames, the assistant superintendent of health being chosen for this position at a salary of $300 a year, which added to the salary of $1,500 as assistant superintendent, gives him a total compensation of $1,800 a year. The salaries of the assistant superintendent of health and the county physician were fixed by the board at a previous meeting at $1,800 a year, but the City Council, in making an appropriation for the city's proportion of the cost of the health department, stipulated that the two physician assistants to Dr. Nesbitt were not to be paid over $1,500 a year, otherwise the appropriation would not be available. The salary of the county physician, Dr. W. D. MacMillan, will be $1,500 a year.

It was stated at the meeting that the County Commissioners contemplate the election of Dr. MacMillan as coroner to suceed Dr. Joseph Akerman, who resigned last week on account of friction between himself in his official capacity and the health authorities. Dr. MacMillan would continue as county physician as well as coroner.

The plans for the work under the consolidation were freely and fully discussed and the superintendent was instructed to secure the necessary blanks, etc., from Auditor Orrell so that the clerk of the board may carry on the auditing features, as provided in the act. The clerk is also required by the act to keep a record of the proceedings of the Board of Health.

A resolution, offered by Dr. Bolles and seconded by Prof. Catlett, was adopted, defining the duties of the county physician, to the effect that he shall render all medical attention to the indigent sick of the city and county, keep accurate and complete record of all cases in books provided for that purpose; answer all calls for medical aid in the city and county and to thoroughly investigate every application for medical service from the indigent in order to prevent creation of pauperism. It is stated that the county physician will be expected to work in accord with the Associated Charities and the Red Cross Society.

A communication was read from the city chemist pointing out some necessary changes to be made in the city waterworks to increase the efficiency and safety in the apparatus to secure pure water. Dr. Nesbitt explained in detail the necessity of the changes and the board passed a resolution endorsing the recommendations of the chemist and directing the superintendent to appear before the Council at the earliest possible time and explain to that body the necessity of the changes and urge immediate compliance in the interest of public health.

The superintendent was directed to secure the necessary record books and stationery at once for his office, which it was definitely determined is to be in the basement of the Court House. The three rooms of the south side now used by the Associated Charities, District Nurse and Dr. MacMillan will be taken for the health department.

The board was in session nearly three hours, adjourning shortly before 11 o'clock.

FUNERAL OF DR. KINGSBURY.

Service Held From the Late Residence—Body Taken to Oxford.

The funeral of the late Dr. Theodore Bryant Kingsbury was held from the residence yesterday afternoon at 5:30 o'clock, conducted by Rev. G. T. Adams, pastor of Fifth Street Methodist church, assisted by Rev. Dr. W. H. Milton, rector of St. James' Episcopal church, and at the conclusion of the services the body was taken to the station and taken to Oxford on the 6:45 train. The interment will be this morning at 10 o'clock at Oxford.

The home was crowded with the hosts of friends who came to pay their last respects to a man whom to know was to love and admire. Others who could not attend as well as those who did, sent scores of beautiful floral designs as an expresion of their esteem.

The simple ceremony of the church of which he was so long a faithful member was used. While these words were being spoken tears came to the eyes of many. To him was granted the privilege of living a complete life and there was no feeling of disappointment but rather of grief for a departed friend who will be seen no more here.

Accompanying the remains to Oxford were his two daughters, Misses Maude and Mary Kingsbury, his nephew, Mr. Roger Kingsbury, his niece, Miss Margaret Kingsbury, and Mr. Ed Elkins. When the body reaches Oxford it will be taken immediately to the cemetery, where with a simple service it will be laid to rest.

The pall-bearers from the residence to the train were: Honorary, Messrs. Walker Meares, James Sprunt, John R. Kenly, Clayton Giles, J. D. Bellamy, Walter G. MacRae, Chas. W. Yates, A. D. Brown, F. L. Prince, M. S. Willard, Washington Catlett, William Latimer, Dr. T. S. Burbank, Dr. W. J. Love, Dr. D. W. Bulluck, George Rountree; active, Messrs. DeWitt C. Love, C. C. Covington, R. R. Bellamy, Walker Taylor, E. S. Martin, H. McL. Green, J. W. Murchison and Mike Cronly.

May Bring Suit.

Mr. A. P. Whitehead, of Craven county, was here Wednesday and qualified as administrator of his son, Avan Whitehead, who lost his life from a winch buoy at dredge boat No. 9, about 14 miles below the city, about ten days ago. Mr. Whitehead was standing on the buoy, when the Clyde Line steamer Cherokee came along and struck the cable fastened to the winch, causing the windlass to strike him on the head, knocking him into the water. The body was recovered three days later. Mr. Whitehead yesterday employed Herbert McClammy, Esq., and will bring suit against the Clyde Line unless a satisfactory settlement can be had.

ENGAGED IN AFFRAY

Deputy Sheriff Reynolds and Ross Kennedy Mix It Up

Charged with having engaged in an affray with Ross Kennedy, at or near 12th and Market streets, yesterday afternoon about 3 o'clock, Deputy Sheriff Coley Reynolds was relieved of his commission as an officer by Sheriff Cowan at the Court House a few minutes after the alleged affray occurred. Reynolds was subsequently arrested by Jailor Branch on a charge of engaging in an affray and gave bond for his appearance before the Recorder at 9:30 o'clock this morning. Kennedy was arrested by the police and at the station house last night also gave bond—$40 in cash—for his appearance in court this morning.

—It was rumored on the streets yesterday that the heirs of the McIlhenny estate, who own the building at the northwest corner of Second and Market streets, would not further contest the recent order of the City Council, which condemned the building as being unsafe, but will proceed at an early date to have the building removed.

SOCIAL & PERSONAL

Miss Mabel Vineberg has returned to the city after spending the Winter in the North.

* * *

Mrs. C. O. Clifton and little son, of Norfolk, are visiting at the home of Mr. W. A. Whitney.

* * *

Miss Louise Elliott, of Brunswick, Ga., is the guest of Miss Mary Houston, No. 313 North Fourth street.

* * *

Misses Jennie Wood and Alice Atkinson, of the High School faculty, will spend the Summer in Europe.

* * *

Miss Olivia G. Cox, of Southern Pines, and Miss Mary Guilford, of Aurora, are visiting Rev. and Mrs. W. E. Cox.

* * *

Miss Rachel Pearsall left last night for Montreat to attend the meeting of the Young People's Christian Association as a delegate from Peace Institute, Raleigh.

* * *

Mr. Chas. S. Grainger, Jr., has returned from Woodbury Forest School, Charlottesville, Va., to spend the Summer vacation period with his parents, Mr. and Mrs. Chas. S. Grainger.

* * *

Mr. H. C. James, of Gulfport, Miss., after spending a week here with his daughter, Mrs. William G. James, left last night for his home. Mr. James is a son of the late Robert W. James.

* * *

Mr. A. Roscower, editor of the Goldsboro Headlight, was in the city yesterday and gave the Star the pleasure of a call. He went to Wrightsville Beach to make arrangements for his family, who will spend some time there this Summer. They will come later.

* * *

Atkinson, N. C., June 5.—On account of bad weather Wednesday night and by special request, the Atkinson Dramatic Club will play "Miss Topsy Turvey" or "The Courtship of the Deacon", again Saturday night, June 7th, at the High School auditorium. Music and refreshments between acts. The admission is 10 and 15 cents and the proceeds will be for the benefit of the new Presbyterian church here. Everybody is cordially invited.

* * *

SOROSIS WILL GIVE SEVERAL PRIZES IN FALL.

The North Carolina Sorosis will have an exhibition in the early Fall, and hopes to have on display various articles of handiwork by talented persons of the city. The High School department offers prizes to the school children as follows: To the girl who works the best dozen button holes, who makes the best tailored shirtwaist, or puts up the best preserves and pickles. Prizes will also be given for the best bread and cake. The boys will be given prizes for making the best articles of furniture to be used in the home or for the best fireless cooker.

Directions for making these articles will be furnished to those who desire them. During their vacation the boys and girls may employ their time in making these articles and thus gain time.

Everyone who can do so is asked to enter some article for a prize. It is open to the children and adults of New Hanover county, and announcements giving particulars of the contest, have been made in all the public schools of the city at their closing exercises.

When the exhibition is over the articles will be sold, if so desired, so that those who do not get prizes may be repaid for their outlay of time and money.

PERSONAL PARAGRAPHS.

—Mr. R. H. Hubbard, of Mullins, S. C., is in the city.

—Mr. D. G. Robeson, of Council, spent yesterday here.

—Mr. Will Wynne, of Raleigh, is stopping at The Orton.

—Mr. W. E. Proctor, of Grimesland, was in the city yesterday.

—Mr. A. M. Faison, of Burgaw, was an Orton guest yesterday.

—Mr. J. S. Council, of Wananish, was in the city yesterday.

—Mr. E. F. Craven, of Greensboro, was at The Orton yesterday.

—Mr. R. E. Lee, of Laurinburg, was in the city yesterday on business.

—Mr. Floyd Uzzell, of Goldsboro, was among visitors here yesterday.

—Mr. H. H. Murray, of Wilson, was registered at The Orton yesterday.

—Messrs. T. F. Morrison and R. E. Cline, Concord Elks, arrived yesterday.

—Mr. and Mrs. C. W. Martin, of Greensboro, were guests at The Orton yesterday.

—W. P. Mangum Turner, Esq., left yesterday for Charlotte on professional business.

—Messrs. Wm. C. Pancake, Chas. Cutting and G. V. Patterson, Elks of Lexington, are here.

—Messrs. H. R. Bryan, Jr., and R. A. Richardson, Jr., citizens of Newbern, are in the city.

—Among the Charlotte people in town are Messrs. T. G. Lane and Edw. Clark, guests at The Orton.

—Messrs. W. B. Windley and Geo. E. Ricks, of Washington, N. C. were at The Orton yesterday.

—Mr. L. B. Jenkins, of Pickens, S. C., has arrived in the city to take a position with the Payne Drug Co.

—Mr. A. L. Fletcher, editor of The Dispatch, Lexington, N. C., is in the city, a delegate to the State Association of Elks.

—Mr. E. J. Land, of the Newbern Journal, is among the delegates to the State Association of Elks now in session here.

LOCAL DOTS.

—The Wessell estate is having the old wooden structure at southwest corner of Second and Market streets demolished preparatory to building a modern brick business building, which, it is expected, will be ready for occupancy in the early Fall.

—The Recorder held a special session of his court yesterday afternoon for the purpose of hearing two civil actions, both brought by the Wynnewood Lumber Co., one against Dr. M. M. Caldwell for $376 and the other against George Graham, colored, for about $400, for lumber alleged to have been sold and delivered by the company. Dr. Caldwell entered a general denial of all the allegations in the complaint in the case against him. The Recorder reserved his decision in both cases until this morning.

"BEST ON EARTH" PEOPLE ARE HERE

(Continued from Page 1.)

shortly before 8 o'clock last night by Mr. William Dunn, Jr., of Newbern, president of the association. Seated on the platform with the president were Mayor Moore, of Wilmington; Mayor Thos. H. Wright, of Wrightsville Beach; Mr. T. B. Kehoe, of Newbern, secretary and treasurer; Louis Goodman, Esq., of Wilmington; Rev. H. A. Merfeld, of Newbern; Mr. W. B. Martin, of Winston-Salem; Rev. Father C. Dennen, of Wilmington; Councilman D. N. Chadwick, Jr., of Wilmington.

B. P. STRICKLAND, of Wilmington. Exalted Ruler, Lodge of Elks, Host of the Convention.

The invocation was spoken by Rev. Father C. Dennen, chaplain of the Wilmington Lodge, after which President Dunn appointed Mr. B. P. Strickland and Messrs. Murray and Beardsley as a committee on credentials with instructions to examine the credentials and report at once if there were a quorum present. He also announced the appointment of Mr. T. D. Love, of Wilmington, as inner guard, and Chas. C. Loughlin, Esq., also of Wilmington, as sergeant-at-arms and esquire for the convention. The examination of credentials required only a few minutes, the committee reporting that a quorum was present.

Mayor Moore, of Wilmington, was then introduced to the assemblage by the president and delivered the address of welcome in behalf of the city of Wilmington. Mayor Moore said that it gave him great pleasure to welcome the visitors and stated that he would speak to them not only as Elks but as North Carolinans. Wilmington, he said, is a typical North Carolina city and is the gateway of the State, and spoke briefly of the importance of Wilmington as a port. A tribute was paid to the life and character of the late Rev. Dr. James Carmichael, who was chaplain of the Wilmington lodge at the time of his death a few months ago and had been for several years. Mayor Moore traced most interestingly the war history of the Cape Fear section and declared that "in war the Cape Fear section was great; along commercial lines now it is greater." In conclusion he told the Elks that the people of Wilmington welcomed them to their city and into their homes and expressed the hope that their stay would be a most enjoyable one and that when they go away it will be with pleasant memories of the "City by the Sea."

CAPT. T. C. DANIELS, of Newbern. Past Exalted Ruler and Past District Deputy of Eastern Carolina.

Next to extend to the visitors a formal welcome was Mayor Wright, of Wrightsville Beach, who welcomed the "best people on earth to the best beach in the country." The Elks, he said, are the kind of people we like; the people who do things, although they never make much fuss about it. Mayor Wright spoke briefly of what had been done by the local lodge in the erection and furnishing of its handsome home. In conclusion he again told the visitors they were thrice welcome to the "greatest beach in the country which the Most Exalted Ruler of the Universe has given to North Carolina in the island of Wrightsville Beach."

In behalf of the local lodge the address of welcome came from Louis Goodman, Esq., who spoke for only a few minutes, saying that the ground had been covered and in a most pleasing manner by Mayors Moore and Wright. He took pride in the fact that as chairman of the committee on arrangements for this feature he had been so fortunate as to secure speakers of the force and eloquence of the two mayors to welcome the visitors.

The Responses.

There were two responses to the addresses of welcome, one coming from Mr. W. B. Martin, of Winston-Salem, in behalf of the Elks of the western part of the State, and the other from Rev. H. A. Merfeld, of Newbern, in behalf of the eastern section. Mr. Martin spoke first. He said that it gave him great pleasure to respond to the addresses in behalf of the western part of the State. The hospitality of the Wilmington people has been unbounded, he said, and in many ways they have shown to the visitors that they have a most cordial welcome to the city and beach. Every member of the lodge, he said, had given the visitors the glad hand of fellowship and have done everything they could do for the pleasure and comfort of the visitors. Mr. Martin said that he believed a new era in Elkdom in North Carolina would date from this meeting. He believed the order in North Carolina, after this meeting, would have greater prestige. He said that he felt satisfied that every member would go home determined to do more to make the order the grandest in North Carolina.

JAMES OWEN REILLY, Wilmington. Secretary No. 532, B. P. O. E., Host of the State Convention.

REV. H. A. MERFELD, of Newbern. Past Exalted Ruler, Who Responded to Address of Welcome.

The response in behalf of the Eastern District was made by Rabbi Harry A. Merfeld, P. E. R., Newbern No. 754, and was easily one of the best addresses of the kind ever heard at the beach.

All the speakers were liberally applauded.

Business Matters

The speech-making over the convention entered at once into the transaction of business. The minutes of the last meeting, held at Newbern in March, 1912, were read by the secretary, following which the reports of the president and the secretary and treasurer were received. President Dunn, in his report, made two recommendations of importance to the association. He recommended that the subordinate lodges pay the expenses of at least one member from its lodge to the State convention. This would insure the attendance of at least one member from every lodge in the jurisdiction. As it is now all the members who attend pay their own expenses with the result that sometimes all the lodges are not represented. He also recommended that the representatives to the Grand Lodge meeting in Rochester this year try to secure for the State association recognition of the Grand Lodge. The association now has no official standing with the Grand Lodge. The delegates to the Grand Lodge go from the subordinate lodges.

Big Brother Movement

Rev. H. A. Merfeld, of Newbern, presented the cause of the Big Brother Movement, which was launched at the Grand Lodge in Atlantic City and referred to a commission at the Portland meeting. He had been asked by the official of the Grand Lodge who has the movement in charge, to present the cause to this convention. He met with a ready response from the members. The Big Brother Movement has for its object the establishment of an institution for wayward boys in every State in the Union. The need of such an institution in North Carolina is apparent to all who read the papers or attend courts. Mr. Merfeld made a motion to the effect that the incoming president be intructed to appoint a commission to investigate the movement and make report at the next State convention. The resolution was unanimously adopted without discussion.

L. STEIN, of Wilmington. One of the "Originals" of 532, and Trustee of the Lodge.

District Deputy W. L. Wilson, of Rocky Mount, offered a resolution that has for its object the stimulation of interest in the ritualistic work of the order. The resolution provides that the president of the association and district deputy may call upon the officers of one lodge to put on the ritualistic work in another lodge in a different town or city. This would cause the officers to be well posted in the ritualistic work. The resolution was adopted with the amendment that the question is to be submitted to the various subordinate lodges to be voted on by them, those lodges voting in favor of the plan to be called on by the president and district deputy and those voting in the negative not to be asked to make visits to other places. It was stated that it is believed that nearly all the lodges will agree to the plan. The vote is to be taken this month and the result reported to the State secretary by July 1st.

Mr. Joseph F. Leitner, of Wilmington, stated that Mr. Becker, local agent of the Clyde Line Steamship Co., had invited the Elks to visit the steamer Cherokee, now in port, today between 1 and 4 P. M., and that he stated they would have on hand "light refreshments and heavy punch." The Cherokee is a handsome steamer and the Elks readily and unanimously voted to accept the invitation.

Greetings Received

The secretary read a telegram from Mr. Fred G. Robinson, of Iowa, Grand Secretary of the Grand Lodge, ex-

THE COTTON CLOSING STEADY LARGE SALES OF CASH WHEAT STOCK LIQUIDATION CHECKED

Strength of Old Crop Months Was the Feature—The Opening Steady at Unchanged Prices to an Advance.

New York, June 5.—The strength of old crop months was the feature in the cotton market today, and July increased in premium over October from 10 points at the close last night to about 38 points, as shown at one time in the afternoon trading. The closing was steady and from 9 to 28 points net higher.

The market opened steady at unchanged prices to an advance of two points, which was about in line with the Liverpool cables. Reports of excessive temperatures in Texas and Oklahoma had inspired some covering in the English market, but seemed to make no material impression on sentiment here and about the only feature during the early trading was an active demand for July contracts. Within the first half hour one of the prominent local brokers was credited with buying fully 15,000 bales of July against sales of new year months, and there was also an active demand for that position from both foreign and American houses who were supposed to be selling in Liverpool in expectation of a shrinkage in the differences between the two markets as a result of continued shipments from the local stock.

This buying, combined with reports of an increasing demand from spinners seemed to render July shorts uneasy, and that position shot up rapidly with the price finally reaching 11.49 in the late trading, or about 32 points over the closing level of yesterday. Detailed weather reports were considered favorable, as they showed rains in the Carolinas and lower temperatures in Texas this morning, but there were reports that cut worms were damaging the crop in Arkansas, while South Texas was said to be suffering from grasshoppers and while other crop reports were generally favorable, new crop positions sold about 11 to 14 points net higher, on coverlng, and in sympathy with old crop strength. Offerings of July increased above the 11¾ cent level and was said to be partly against low grade cotton in the South, while October was offered more freely in the late trading and the close showed slight reactions.

Spot cotton, quiet, 20 points up. Middling uplands, 11.90.

Futures closed steady.

THE FINANCIAL MARKET.

New York, June 5.—Money on call, steady, at 2½@2¾ per cent.; ruling rate, 2¾; last bid, 2½; offered at 2¾. Time loans, stronger; sixty days, 4 per cent.; ninety days, 4¼; six months, 4½. Prime mercantile paper, 5½ per cent. Sterling exchange, firm, with actual business in bankers' bills at 4.83 for sixty day bills and at 4.8805 for demand. Commercial bills, 4.82¾. Bar silver, 60¾. Mexican dollars, 48. Government bonds, firm. Railroad bonds weak.

THE DRY GOODS MARKET.

New York, June 5.—The dry goods markets are generally steady. Lonsdale 4-4 bleached cottons have been priced at 7¾. Prints rule quiet. Arrangements are being made for special sales in jobbing houses next week to clear up wash goods and fancy cotton lines. Agents representing English men's war mills are canvassing the trade for orders for Spring.

RECORD ESTABLISHED.

Golf Player Wins Double Honors on Links.

Short Hills, N. J., June 5.—Following close upon his winning of the Metropolitan Golf Championship Jerome D. Travers, of Upper Montclair, N. J., the National champion, established a record of 73 for the re-modeled links of the Baltusrol Club today in the 18-hole qualifying round of the New Jersey State championship tournament. The next best score was 78.

Rallying Effect on Deferred Deliveries Market Closed Weak—Corn and Oats Down—Provisions Increased

Chicago, June 5.—Large sales of cash wheat today for prompt shipment out of Chicago had a rallying effect on deferred deliveries. Although the market closed weak latest prices ranged from ⅛ off to ⅛@¼c. net advance.

Corn finished ¼@½ to ½@⅝ up, oats down a shade to ⅛@⅜, and provisions increased in cost 2½@5c. to 15c.

Cash grain:

Wheat—No. 2, 90¼@91.04; No. 2, hard, 92@93¾; No. 1, Northern, 91½@93½; No. 2, do., 90@92; No. 2, Spring, 90@91; velvet chaff, 90@94; durum, 90@96.

Corn—No. 2, 60⅛@60¾; No. 2, white, 60¼@60⅝; No. 2, yellow, 59½@60.

Oats—No. 2, 39½; No. 2, white, 41¼; standard, 41.

Wheat—July, 90; September, 89⅝@89¾; December, 91⅛.

Corn—July, 58⅝@58¾; September, 59¼; December, 57⅝.

Oats—July, 38¼@38⅝; September, 38; December, 38⅛@38⅜.

Pork—July, 20.25; September, 19.77½.

Lard—July, 10.95@10.97½; September, 11.05@11.07½; October, 10.92@10.95.

Ribs—July, 11.62½; September, 11.32½; October, 11.02½.

Parish Meeting Tonight.

The annual Parish meeting of St. John's Episcopal church will be held tonight at 8:30 o'clock in the Parish House. Reports by the several organizations of the Parish and of the delegates to the Diocesan Council will be made. There will be a special report by the rector, Rev. W. E. Cox, on the new mission which is to be built in Brooklyn. After reading the reports there will be a social half-hour. All members and friends of the congregation are asked to attend.

PATRIOTIC STRIKE

Men Quit Work Because Foreman Insulted Flag

Hoboken, N. J., June 5.—One hundred and fifty boilermakers quit work at the Fletcher Iron Foundry today rather than serve under a foreman who they say insulted the American flag.

According to the men, this foreman, a Canadian, waved an English flag and declared it was the only flag fit to live under. The boilermakers sent a committee to Andrew Fletcher, their employer, and demanded the foreman's discharge. When this was refused they struck.

Efforts Made to Support Stocks Which Form Market's Backbone—Street on Edge as Result of Previous Tension.

New York, June 5.—The stream of liquidation was checked today and efforts were made to support the stocks which form the backbone of the market. The street was still on edge as a result of the tension of the last few days, and there were periods of pronounced weakness, but the market showed increasing recuperative powers.

Increased pressure in the final dealings put the list well below yesterday's close, but losses were considerably smaller than on the preceding day. The market for stocks was better, although not keen. There was some buying of stocks on the theory that a rally was due. Selling by London in this market, which has been of large influence in the recent slump, continued today. About $25,000 shares were disposed of here in the early trading for long account, and it was chiefly because of these offerings that the market began the day with many losses of 1 to 2 points.

After a sharp rebound the market grew dull, holding firmly on the higher level until a spirited bear drive upset the list in the early afternoon. Vigorous buying served to prop up the leaders, but the tone was unsettled until the close. Some stocks were under severe pressure. This was particularly true of the tobacco shares, American Tobacco losing nearly 12 points on top of yesterday's 17 points break. Baltimore and Ohio, Chesapeake and Ohio, American Can and Smelting, preferred, also were distinctly heavy.

The bond market was heavy with especial weakness among some of the 5 per cent. issues. Missouri Pacific convertibles losing 1¼ and Denver and Rio Grande refunding 5s 2½. Northern Pacific 3s fell back 2½. Total sales, par value, $1,900,000.

United States 3s and Panama 3s advanced ½ on call. Total sales were 530,700 shares.

BEHIND CLOSED DOORS

Star Chamber Investigation by Naval Court of Inquiry

Norfolk, Va., June 5.—Investigation in the conduct of Captain John G. Quinby, commanding the receiving ship Franklin, on the basis of charges informally preferred by Rear Admiral Doyle, commandant of the Norfolk navy yard, was begun this morning behind closed doors by a naval court of inquiry.

While it has not been unusual here for courts of inquiry to meet in executive session, the star chamber decision in this case was not altogether expected as it had been understood that Captain Quinby at whose request the investigation was ordered, desired that the proceedings should be open to the public.

INQUIRY OF LOBBY TO BE EXTENDED

(Concluded from Page One.)

fluence the public and members of Congress.

That detectives have in some cases been used to shadow members of Congress in the interest of getting certain legislative action is a point that Senator Cummins will endeavor to establish. He asked Senator Smoot today whether the latter knew of any such activity. Senator Smoot said he had "heard of it" but could give the committee no information.

Senator Cummins declined to state whether the witnesses would be produced or indicate the nature of the detective work that has been done.

Senator Smoot gave the committee the names of many persons who called upon him on tariff subjects. He said he had taken no part personally in the organization of any fight against free sugar, and he did not know of the existence of a "lobby" or the use of money, further than as public advertisements indicated.

Senator Williams, whose sub-committee has had charge of the income tax feature of the tariff bill, expressed the belief that there had been an organized effort by the insurance companies to rally policy holders holders against the income tax. Insurance officials probably will be asked to appear later.

R. D. Bowen, who signed a circular produced by Senator Williams advising cotton growers to urge their Senators to support a higher duty on cotton cloth, H. W. Cowan, of Texas, who has been active in the fight against free meat; A. W. Kopp, a former Representative from Wisconsin, and C. H. Brown and Otto Ruhl, of Washington, were subpoenaed tonight.

The Night Session.

Senator Smith, of South Carolina, the first witness at the night session, said he was principally interested in a farm of about 1,500 acres. "I raise mostly poverty," he added.

"That ought to be on the protected list," suggested Senator Nelson, and the committee laughed with the spectators.

Senator Smith said he was interested in producing cotton. He recalled the names of several persons who talked with him about tobacco and mentioned E. W. Durant, of Charleston, as one interested in sugar who predicted ruin to the sugar producer if sugar was put on the free list. He knew of no lobby.

Chairman Overman, who left tonight for a three-day visit in North Carolina, was the next witness. He supplemented his statement earlier in the day by declaring the evidence produced at the hearing had convinced him of the presence here of a lobby, but did not go into details, and named no men he considered as lobbyists.

He said he owned ten shares in cotton mills, carried $17,000 life insurance and that his wife owned a few more shares of cotton mill stock.

Lobby Defined.

The Senator defined a lobby as a third House of Congress seeking to influence the other two in legislative matters, sometimes legitimately and sometimes in other ways. He declared that while he was not certain there seemed to be some common basis of opposition among the sugar people and those interested in the cotton schedule; that North Carolinians interested in cotton had been told apparently by those who expected to be affected by free sugar, that sugar on the free list meant ruin to the cotton producers. He said that there should be legislation to control lobbying.

Senator Overman put in the record a circular from an insurance company suggesting to policy holders that they write to their Congressmen and Senators objecting to the income tax provision. He also produced a letter fro ma Florida policy holder of this company, directed to its president, protesting against use of the company's money in such a campaign and the president's reply, stating that the board of trustees having considered the protest, did not agree with it.

Senator Vardaman said he told ex-Senator Foster, of Louisiana, and several other men who called, to talk to him about the sugar schedule that he would vote for the Underwood bill "unless I get an opportunity to vote for free sugar at once." They did not remain more than 10 to 15 minutes, said the Senator, "and they did not return."

The Senator did not have specific knowledge of a lobby or the use of money to influence legislation. He had no personal interest in the bill.

Senator Works said he had talked with Senator Shively, a member of the Finance committee, about the rate on lemons. He knew of no organized effort to modify the bill, or any attempt to use improper influence. He thought however that a lobby was being maintained to mold opinion. He declared that if attempts had been made to create a misleading impression upon the minds of the ignorant, it was unfair and should be punished. He advocated legislation making illegitimate lobbying a criminal offense.

Senator Read probably will act as chairman of the committee during Mr. Overman's absence in North Carolina.

CONFESSES PART IN MURDER

George W. Jones Found Guilty and Sentenced to Forty Years' Term

Montgomery, Ala., June 5.—A special to the Advertiser from Tuscaloosa, Ala., says that George W. Jones, after making a complete confession to participation in the holdup and killing of Paymaster W. B. Turner, of a construction company, with three others, all of whom have confessed, was adjudged guilty by the jury tonight and sentenced to forty years' imprisonment.

Davis, another participant, is serving a life sentence. Manly Gant, a third participant, will be tried at next term of court. Riley Jones, the fourth man, is in jail and has also confessed. Each of the men said that Dr. W. H. Gurganus, a prominent resident of Tuscaloosa county, had planned the holdup, and induced their participation. Dr. Gurganus disappeared when the four were arrested and is still at large in the mountains of that section. His friends, in court during the Jones' trial, are quoted as saying the Doctor would probably give himself up shortly if the evidence and feeling against him is not too strong. Members of George Jones' jury shook hands with the defendant after the verdict and made up a purse for his wife and five small children, all of whom were in court all the time. Members of the jury have bought clothing and provisions for the family who appear destitute.

"BEST ON EARTH" PEOPLE ARE HERE

(Concluded from Page Six.)

pressing regret that he could not be present at the meeting and extending his best wishes for a most successful and enjoyable session.

A letter was read from Senator F. M. Simmons, a member of the Newbern lodge, in which he expressed regret at his inability to attend the convention, stating that he was detained in Washington on account of the tariff revision.

Next Meeting Place

About the only business to be transacted at the closing session this afternoon is the election of officers for the ensuing year and selection of the next meeting place. Charlotte, Winston-Salem, Raleigh and Salisbury are said to be making an effort to secure the next meeting. The statement was made last night that the race had narrowed down to a choice between Charlotte and Winston-Salem, with the chances about evenly divided. A telegram was read at the session last night from the Greater Charlotte Club inviting the "best people in the State to hold its convention next year in the best town in the State." A telegram from Mayor Bland, of Charlotte, inviting the convention, was also read.

Parade This Morning

This morning at 10:30 o'clock the big Elk parade will take place. The procession will form on Third street in front of the City Hall. It will move northward on Third and Red Cross street, thence to Front, down Front street to Orange or Nun, thence to Third, down Third to the City Hall, where it will end. A special train will arrive this morning from Newbern bringing about 100 Elks to participate in the parade. There will be a number of Elks to arrive this morning from Fayetteville and other places. Not counting the local members it is expected that there will be 400 or 500 Elks in the parade. The Wilmington lodge will have a handsome float in the parade.

The parade will be followed by the visit to the Cherokee, then the business meeting, the automobile trip and the closing event at Lumina at night.

Judges of Parade

President Dunn last night announced the judges for the parade today, as follows: Marsden Bellamy, Esq., Wilmington; J. F. Tayloe, Washington; D. D. Daughtridge, Rocky Mount. They will occupy a place in the balcony at the Elks' Temple, from which they will review the parade. A cup is offered the visiting lodge having the largest number of members in the parade. The cup is given by the Newbern lodge and was won last year by Wilmington lodge. The local lodge cannot compete for the prize this year. The lodge that wins the cup three times secures the trophy as its own property.

Some of the Visitors

Up to last night 165 visitors had registered for the convention. It is estimated that 100 went through to Wrightsville Beach without registering.

PURE FOOD LAW

Science in the Manufacture of Food a Great Need of the Times

Atlantic City, June 5.—There has been and will be no step backward in the enforcement of the pure food law under the new administration, Dr. Carl Alsburg, chief of the Bureau of Chemistry, today told the National Wholesale Grocers' Association, in annual session here. He added, however, "that the administration of the law will gain in effectiveness if coupled with a policy of education and instruction."

Dr. Alsburg said the hoped to make the chemistry bureau as valuable to the consumer as the Department of Agriculture, as a whole, had been to the farmer.

"One of the great needs of the times," he continued, "is more science in the manufacture of foods. Here in the United States the business of food manufacture has advanced with extraordinary rapidity. We no longer 'live at home' as they say in the South. Our table is dependent on the distant grower, the distant manufacturer. The food problem is not a problem of the home or even of the locality. It is a problem nation-wide.

"The transformation of the fodd industry has been so rapid that abuses could not fail to creep into it. The old household methods are often bad when applied on a large scale. New methods had to be devised. Under pressure of competition, these have not always been thoroughly tested. Thus trade practices have become established that are hard to eradicate. It must be one of the duties of the Department of Agriculture to examine into all these processes, to improve good ones and discover substitutes for the bad. It must also be its function to develop methods of utilizing bi-products, and of using as food many things which are not now utilized.

"Much work of this type already has been done in the Department of Agriculture, but it is hoped to make this work the dominant note of the bureau's policy.

REVOLUTIONISTS ROUTED.

One Hundred Rebels and Twenty Federals Killed.

Laredo, Texas, June 5.—According to a courier who arrived here today, from Monterey, 100 Rebels and 20 Federals were killed in a battle at Candela, Mexico, Tuesday, between the army of General Tellez and Revolutionists under Jesus Carranza. A large number of both sides were wounded.

According to the courier, the Revolutionists were routed and fled in disorder, pursued by government troops Candela is about 75 miles northwest of Monterey, in the State of Coahuila, and near Monlova, said to be a Rebel stronghold.

The forces of General Tellez, said to number about 2,500 men, are primarily engaged in repairing the line of the National Railway from Monterey to Laredo, disposing of Revolutionary bands as they proceed. A number of these troops are Indians from Southern Mexico.

The courier reported General Tellez within 85 miles of the border today.

Four frame buildings at Colombia Mexico, owned by Sheriff Sanchez, of Webb county, Texas, were burned by Rebels today.

Washington, June 5.—Secretary Bryan today announced that Germany, Bolivia and Argentina had so far approved his proposal for universal peace as to ask for tentative drafts of the treaties. With these additions the list of nations that have undertaken to consider the proposal favorably reports 13.

SPLIT SKIRT BARRED

Police to Enforce Order Regulating Women's Attire

Indianapolis, June 5.—Women in Indianapolis who wear the new style split skirt also must wear undergarments, and the traffic squad of the police force has been asked to enforce the order, which was given out by Superintendent of Police Martin J. Hyland has received a letter signed "The Ladies" and which read as follows:

"We, as the ladies, ask that you prohibit the wearing of split skirts without undergarments. We hope that you will take this seriously."

ENRAGED MAN KILLS THREE.

Abandoned by Wife Attempts to Destroy Her Family.

Canton, O., June 5.—Enraged, he said, because his wife had left him, Robert Roach, aged 27, started in to destroy her family with a gun tonight. He shot and killed his mother-in-law, sister-in-law and 16-month-old baby, and when a policeman tried to arrest him, seriously wounded him.

DAVID'S

IT'S STRANGE, WHEN ONE KNOWS THE FACTS

that so many young men, who want snap and style in their clothes, and who appreciate the economy of quality, cling to the grandfatherly idea of made-to-measure clothes.

Clothes-making has advanced far beyond that stage; ready clothes like

Hart Schaffner & Marx

are better than the average made-to-measure; at $25, for example, you'll find these suits, with fabrics, tailoring, style, and fit such as your made-to-measure at fifty per cent. higher price doesn't equal. As for the very cheap "made-to-measure," it's not to be compared.

THE A. DAVID COMPANY

This store is the home of Hart Schaffner & Marx clothes. Manhattan Shirts.

TO CONSUMERS

If you want White, Nutritious Flour, that will make Bread and Biscuit to please you every day and Sunday, too, ask Your Grocer for

And if he hasn't got it, Insist Upon his Getting It for you.

Your Vacation Assured

You must plan ahead if you are to take a vacation this Summer. Else when the time comes, you won't have the funds.

We invite you to start a Vacation Fund with this bank. You are at liberty to draw out your money whenever you need it.

It is high time you began to save for the vacation which is coming later in life—old age. A bank account added to from time to time will insure a happy vacation in later life when your work is over and you are ready to rest.

The sooner you begin, the quicker you'll be able to retire and the further away from helplessness. Small accounts will receive careful attention.

A New Interest Quarter Begins June 2nd.
